INVESTMENTS

THE OFFER AND SALE OF THESE SECURITIES HAVE NOT BEEN REGISTERED WITH THE SECURITIES AND EXCHANGE COMMISSION IN RELIANCE ON THE EXEMPTION FROM REGISTRATION CONTAINED IN SECTION 3(a)(4) OF THE SECURITIES ACT OF 1933, AS AMENDED. THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION OR THE SECURITIES AUTHORITIES OF ANY STATE NOR HAS THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES AUTHORITY PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFERING CIRCULAR. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The Mission Investment Fund of the Evangelical Lutheran Church in America ("MIF") is a church extension fund offering a total of \$500,000,000 of its unsecured investment obligations (the "Investments" or "Securities"), which can be purchased by "Eligible Investors" (see next page). The Investments are not insured by the Federal Deposit Insurance Corporation (FDIC), the Securities Investor Protection Corporation (SIPC), or other state or federal institutions.

The following briefly describes the Investments offered.

• **Demand Investments:** No stated maturity - redeemable on demand. Interest is reinvested monthly. Interest rates are adjustable monthly at the discretion of MIF for each tier of account balances offered. The minimum required initial Investment is \$100. Additions to Investments may be made in any amount at any time. *See complete terms, page 24.*

• **Term Investments - fixed and adjustable interest rates:** Terms of 6 months to 10 years may be available. The minimum investment and balance may vary, but is not less than \$1,000. Interest is paid or reinvested every three months.

For fixed rate Investments: Interest rates will be fixed by MIF at its discretion after considering comparable rates, terms, market conditions and other relevant factors. Amounts cannot be added after the initial investment.

For adjustable rate Investments: Interest rates are adjustable monthly but not below rates for U.S. Treasury securities with the same terms. For terms of 3 years or less, amounts cannot be added after the initial investment. For terms longer than 3 years, amounts can be added after the initial investment any time prior to 2 years before maturity; minimum additions to principal is \$100. *See complete terms, page 26.*

• **MIF4KIDZ Investments (custodian for minor only):** These Investments mature at the age of majority of the minor as defined by the Uniform Transfer to Minors Act in the state designated as the address of the minor on the application form. Interest is reinvested every three months. Interest rate is adjustable monthly, but not below the lowest tier of the Demand Investment rates. Minimum initial investment is \$50 and minimum additions to principal are \$25. *See complete terms, page 28.*

• **IRA/CESA/HSA program:** All Term Investments and certain Demand Investments are available for Individual Retirement Accounts (IRA) and for Coverdell Education Savings Accounts (CESA), and certain Demand Investments may be held as investments for Health Savings Accounts (HSA), through the program described at page 29.

MIF Investments and terms will be offered at the discretion of MIF management.

Access MIF's website at www.mif.elca.org for current interest rates.

The descriptions of MIF's Investments shown above are not complete statements of the terms and conditions of those Investments. For the complete terms and conditions for each Investment, see "Description of the Investments" at pages 23 through 30 of this Offering Circular.

THIS OFFERING IS SUBJECT TO CERTAIN RISK FACTORS. SEE PAGES 10 - 12.

The date of this Offering Circular is May 1, 2021.

Eligible investors are the following: (i) persons who are, before their receipt of the Offering Circular, members or employees of, contributors to, or other participants in, the Evangelical Lutheran Church in America (“ELCA”) or former investors in MIF’s securities, (ii) congregations, organizations, or institutions that are related to the ELCA, (iii) persons who are, before their receipt of the Offering Circular, members or employees of, contributors to, or other participants in, congregations, organizations, or institutions that are related to the ELCA, and (iv) ancestors, descendants, or successors in interest of such persons.

The purchase of an Investment will not entitle the purchaser to a charitable deduction for federal income tax purposes. Interest on Investments will be taxable as ordinary income to the purchaser in the year paid or reinvested.

The Investments are general obligations of MIF and are not secured by the pledge or mortgage of specific assets. No trust indenture or sinking fund applies to the Investments. The Investments are not deposits or accounts with a bank or other financial institution regulated by federal or state authorities. The Investments are not covered by governmental deposit insurance or governmental guarantees and are not entitled to other regulatory protections which apply to deposits or accounts with a bank or other regulated financial institution. Therefore, the Investments may have greater risk associated with them than deposits or accounts with banks or other regulated financial institutions.

The Investments are sold directly by MIF without using brokers, dealers or underwriters, and no commissions will be paid for the sale of any Investments. See “The Offering - Plan of Distribution,” page 30. There is no assurance that all of the Investments will be sold. The Investments will be offered and sold only in those states where the Investments may be offered and sold in compliance with the securities laws of those states.

The total amount and net proceeds of this offering is \$500,000,000. The total estimated expenses of this offering are \$1,913,000 - see details at page 31. Those expenses are paid from the operations of MIF and are not deducted from the proceeds of the offering.

In this Offering Circular, the term “Investments” refers to MIF’s debt securities making up the \$500,000,000 offering covered by this Circular, and the term “investment obligations” refers to MIF’s debt securities issued by MIF in prior, as well as, the present securities offerings.

INVESTORS ARE ENCOURAGED TO CONSIDER THE CONCEPT OF INVESTMENT DIVERSIFICATION AND SUITABILITY WHEN DETERMINING THE AMOUNT OF INVESTMENTS THAT WOULD BE APPROPRIATE FOR THEM IN RELATION TO THEIR OVERALL INVESTMENT PORTFOLIO AND PERSONAL FINANCIAL NEEDS.

THESE INVESTMENTS MAY EITHER BE REGISTERED OR EXEMPT FROM REGISTRATION IN THE VARIOUS STATES OR JURISDICTIONS IN WHICH THEY ARE OFFERED OR SOLD BY MIF. THIS OFFERING CIRCULAR HAS BEEN FILED WITH THE SECURITIES ADMINISTRATORS IN SUCH STATES OR JURISDICTIONS THAT REQUIRE IT FOR REGISTRATION OR EXEMPTION.

THESE INVESTMENTS HAVE NOT BEEN RECOMMENDED BY ANY FEDERAL OR STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE NOT DETERMINED THE ACCURACY, ADEQUACY, TRUTHFULNESS, OR COMPLETENESS OF THIS DOCUMENT AND HAVE NOT PASSED UPON THE MERIT OR VALUE OF THESE SECURITIES, OR APPROVED, DISAPPROVED OR ENDORSED THE OFFERING. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE ISSUER AND THE TERMS OF THE OFFERING, INCLUDING THE DISCLOSURE, MERITS, AND RISKS INVOLVED.

THESE INVESTMENTS ARE NOT SAVINGS OR DEPOSIT ACCOUNTS OR OTHER OBLIGATIONS OF A BANK AND ARE NOT INSURED BY THE FEDERAL DEPOSIT INSURANCE CORPORATION, ANY STATE BANK INSURANCE FUND OR ANY OTHER GOVERNMENTAL AGENCY. THE PAYMENT OF PRINCIPAL AND INTEREST TO AN INVESTOR IN THE INVESTMENTS IS DEPENDENT UPON MIF’S FINANCIAL CONDITION. ANY PROSPECTIVE INVESTOR IS ENTITLED TO REVIEW MIF’S FINANCIAL STATEMENTS, WHICH SHALL BE FURNISHED AT ANY TIME DURING BUSINESS HOURS UPON REQUEST. THE INVESTMENTS ARE NOT OBLIGATIONS OF, NOR GUARANTEED BY, THE EVANGELICAL LUTHERAN CHURCH IN AMERICA, OR BY ANY CHURCH, CONFERENCE, INSTITUTION OR AGENCY RELATED TO THE EVANGELICAL LUTHERAN CHURCH IN AMERICA. NO PERSON HAS BEEN AUTHORIZED TO GIVE

ANY INFORMATION OR TO MAKE ANY REPRESENTATION IN CONNECTION WITH THIS OFFERING OTHER THAN THOSE CONTAINED IN THIS OFFERING CIRCULAR, AND IF GIVEN OR MADE, SUCH INFORMATION OR REPRESENTATION MUST NOT BE RELIED ON AS HAVING BEEN MADE BY MIF.

SUMMARY INFORMATION

The following summarizes and identifies certain information contained in this Offering Circular.

The entire Offering Circular contains substantial additional information about MIF, its activities and programs, its financial condition, and certain risk factors associated with the offering, and should be reviewed carefully by prospective investors.

Mission Investment Fund's purpose

MIF is a Minnesota nonprofit corporation organized in March 1987 to serve the Evangelical Lutheran Church in America (the "ELCA"). MIF is a church extension fund and a separately incorporated ministry of the ELCA whose core business is: lending to ELCA congregations, synods and related ministries; and providing a vehicle for ELCA congregations, synods, related ministries and individuals to invest in the work of this church. MIF uses the proceeds from the investments described herein to fund its lending activity. For a complete description see "Introduction" (page 9), and "Programs and Policies" (page 15).

Use of Investment proceeds

Proceeds from the sale of Investments are used primarily: to fund loans for the financing or refinancing of purchases, construction, renovation or expansion of ELCA congregation church facilities; to purchase buildings and property sites for eventual sale to newly organized congregations; and to provide such financing or refinancing to congregations, organizations and institutions that are related to the ELCA. For a complete description, see "Use of Proceeds" (page 12).

Risk factors

The purchase of an Investment will involve certain risks. Before making a decision to purchase, a prospective purchaser should carefully consider the risk factors described at "Risk Factors" (page 10).

Management discussion of financial results

See discussion by management of 2020 financial results at page 14, and the complete financial statements beginning at page 33.

Governance

See "Governance - Board of Trustees" (page 21) for a list of the trustees and information regarding each trustee.

The principal officers are a President and CEO, an Executive Vice President and Chief Operations Officer, Vice Presidents, a Vice President and Chief Financial Officer, and a Secretary. The officers are listed under "Governance - Principal Officers" (page 21), which also provides information about each officer.

Description of MIF's Investments

The Investments offered by MIF are a total of \$500 million of its unsecured debt obligations. The Investments are available to individuals, congregations, organizations, and institutions that are related to the ELCA, and defined as "Eligible Investors" on page 2 and as qualified by any applicable state supplement. The Investments are: Demand Investments (adjustable rate); Term Investments (fixed and adjustable rate); and MIF4KIDZ Investments (custodian for minor only - a Term Investment with an adjustable rate). For a complete description of these Investments, including all terms and conditions, see Cover and "Description of the Investments" (page 23). All Term Investments and certain Demand Investments may be held as investments for the IRA/CESA program described at page 29, and certain Demand Investments may also be held as investments for the HSA program described at page 24.

Selected financial information

The following selected financial information has been derived from the financial statements of MIF for the years 2016 through 2020. The financial statements and notes thereto beginning at page 33 in this Offering Circular should be read in conjunction with this information.

INTRODUCTION

MIF is a church extension fund organized as a Minnesota nonprofit corporation in March 1987 to serve the ELCA denomination by providing financing or refinancing primarily for buildings and site acquisitions to congregations, organizations, and institutions that are part of or related to the ELCA, and by purchasing buildings and property sites for eventual sale to newly organized ELCA congregations. MIF focuses its efforts primarily on assisting development and growth of ELCA congregations and ministries through its loan program. The proceeds of the sale of the investments described herein are used to fund its lending activity, thereby providing a vehicle for ELCA congregations, synods, related ministries and individuals to invest in the work of this church.

MIF is a separately incorporated ministry of the ELCA. The ELCA is a Minnesota nonprofit corporation organized in February 1986. The ELCA is one of the largest Christian denominations in the United States, with 3,265,581 members and 8,972 congregations based on figures as of December 31, 2019. As nonprofit corporations, MIF and the ELCA do not have shareholders. As separate corporate entities, the ELCA is not responsible for the financial obligations of MIF, and MIF is not responsible for the financial obligations of the ELCA. MIF contracts with the ELCA for all operations personnel and related benefits and services. See pp. 13 and 22.

MIF is organized exclusively for religious purposes. As an ELCA affiliated entity, MIF is included in the group tax exemption of the ELCA and is thereby exempt from income taxes under §501(c)(3) of the Internal Revenue Code. The executive offices of MIF are located at the Lutheran Center, 8765 West Higgins Road, Chicago, Illinois 60631.

RISK FACTORS

Since purchasing an Investment will involve certain risks, prospective purchasers should carefully consider the following risk factors before making a decision to purchase:

1. COVID-19. In December 2019, a novel strain of coronavirus (COVID-19) was identified and has since become a global pandemic, resulting in widespread social and business disruption. MIF has adapted its operations to account for pandemic-related restrictions, and has continued to operate and maintain financial stability during the pandemic (see Management Discussion of Financials, p. 14). With the ongoing vaccination and mitigation efforts, MIF anticipates that the impact of the pandemic may subside over the coming year and beyond. However, certain pandemic-related restrictions and limitations may continue, additional disruptions may emerge, and the continued impact of COVID-19 and required mitigation and treatment measures remains uncertain. The operations and financial performance of MIF could be materially adversely affected by such restrictions, limitations, disruptions, and mitigation efforts. The specific impact to MIF is unknown, but may include increased market volatility, increased interest rate risk, and changes to MIF's asset quality. The pandemic will also continue to impact MIF's customers, employees, and business partners to an unknown extent, but MIF anticipates conditions improving as mitigation and vaccination efforts continue.
2. Investments are unsecured. Purchasers will be dependent solely upon the financial condition of MIF for repayment of principal and interest, and will be general unsecured creditors of equal rank with all other unsecured creditors of MIF. At December 31, 2020, MIF had no secured debt outstanding. Senior secured indebtedness is limited to 10% of the tangible assets of MIF.
3. No sinking fund or trust indenture. No sinking fund or trust indenture has been or will be established by MIF to ensure repayment of the Investments, and no trustee or paying agent has been named for the Investments. In the event of default by MIF in payment of interest or principal on an Investment, each purchaser would be required to pursue legal remedies in seeking payment.
4. Investments not bank deposits. The Investments are not deposits or accounts with a bank or other financial institution regulated by federal or state authorities. The Investments are not insured by the FDIC, SIPC, or other governmental deposit insurance or governmental guarantees, and are not entitled to other regulatory protections applicable to deposits or accounts with a bank or other regulated financial institution. The Investments therefore may have greater risk associated with them than deposits or accounts with such banks or other financial institutions.
5. Payments by borrowing congregations. Payments of principal and interest on the Investments depend largely on the payments MIF receives from its borrowing congregations. The ability of each congregation to pay MIF may depend on the contributions the congregation receives from its members. Therefore, payments to MIF may depend on the membership levels of those congregations, on the maintenance of adequate contributions by individual members to their congregations, on prudent management by those congregations of their finances, and on general economic conditions. Individual member contributions may fluctuate for a number of reasons, including, but not limited to, the strength of the economy, the economic health of major employers, or population shifts in the region where the congregation is located. If significant delinquencies in repayment of loans by congregations occur in the future, MIF may need to seek other funding sources. The underlying collateral for first and second mortgages generally consists of real estate used for congregational needs, such as church facilities. This real estate often has limited uses, and this could negatively impact its salability and ultimate repayment of the loans.
6. MIF is not a typical commercial lender. MIF makes loans to congregations and other ministries. Because of the financial uniqueness of this market, MIF's relationship with its borrowers is different from that of a typical commercial lender. MIF may make loans to borrowers which may not be able to secure financing from commercial sources. MIF may also permit payment accommodations more readily than commercial lenders. These lending practices may result in less money being collected on delinquent loans than a commercial lender would normally collect, and may result in a higher loan delinquency rate. See "MIF Programs and Policies; Loan Delinquencies and Modifications" at page 17 and Note 3 to the accompanying financial statements, for details on loan delinquencies.

7. Diversification of borrowers and investors. Borrowers from MIF and purchasers of MIF's Investments are located throughout the United States and its territories. No particular state is predominant in either category, although primary states for borrowers include Illinois, Minnesota and California, and primary states for purchasers of Investments include Minnesota, Illinois and Pennsylvania. Adverse economic conditions in any region of the United States could have a negative effect on the financial condition of MIF in the future.
8. Future renewals and redemptions. The actual cash redemption dates of investment obligations often do not coincide with the stated maturities of those obligations, because of renewals and early redemptions. See "Outstanding Investment Obligations" on pages 13 - 14. Future changes in the rates of renewal and early redemption could adversely affect MIF's liquidity and financial condition.
9. Investments not transferable. No public market for the Investments exists and none will develop. The Investments are non-transferable, other than by operation of law, and are non-negotiable. The purchaser of an Investment may designate a beneficiary or beneficiaries by using the beneficiary designation form accompanying the Purchase Application. The purchaser of an Investment purchased for an IRA, CESA or HSA account may designate a beneficiary by using the designation form included in the IRA/CESA/HSA account documentation.
10. Redemption before maturity is subject to discretion of MIF. At its discretion MIF may permit or deny redemption before maturity of Term Investments (including any of such Investments held under the IRA/CESA/HSA program) and MIF4KIDZ Investments. MIF intends to accommodate purchasers of those Investments seeking early redemption of their Investments whenever feasible, but can give no assurance that this will be the case. Therefore, a purchaser may not be able to convert those Investments to cash before maturity. See "Description of the Investments" at page 23. At the date of this Offering Circular, MIF's policy is to impose the following early redemption penalties:
 - a. For Term Investments including any of those Investments held under the IRA/CESA/HSA program: 1.5% of the principal amount (including reinvested interest) redeemed before maturity.
 - b. For MIF4KIDZ Investments: 2.0% of the principal amount (including reinvested interest) redeemed before maturity.
 - c. MIF reserves the right to change redemption penalties at any time.
11. Prepayment of Investments. MIF has the right to call any of the Investments for prepayment before maturity with 90 days' notice. Interest will be paid to the date of that prepayment. See "Description of the Investments" at page 23.
12. Liquidity policy. MIF intends to maintain liquidity by holding a portion of its assets in cash, cash equivalents, and readily marketable securities, and maintain available lines of credit, that in total are equal to at least 8% of the total principal balance of its outstanding investment obligations. These assets could be used to satisfy interest and principal payments on those investment obligations. Liquid assets invested in readily marketable securities are subject to various market risks which may result in losses if market values of investments decline.
13. MIF's relationship to ELCA. MIF is a separately incorporated ministry of the ELCA. MIF believes that, as a separate corporation, it is not liable for claims against the ELCA or related organizations of the ELCA. It is possible, however, that if there were claims against the ELCA or related organizations, the claimants might contend that MIF is also liable. Such claims against MIF, if upheld by the courts, could have a negative effect on the financial condition of MIF. As a corporate entity separate from MIF, the ELCA is not responsible for the financial obligations of MIF.
14. Changes in laws, etc. Changes in state laws, rules or regulations regarding the sale of debt securities of religious, charitable or other nonprofit organizations may make it more difficult for MIF to sell its Investments in the future. If MIF were unable to obtain continuing authorization to sell Investments in a significant number of states in which it previously sold Investments, its ability to repay maturing Investments and fund new loans could be adversely affected.
15. Adjustment of interest rates. Interest rates on some of the Investments are adjustable. The interest rates for some Term Investments and for MIF4KIDZ Investments may be adjusted, but may not be lower than stated herein. See "Description of the Investments" at page 23. If interest rates on Treasury securities rise, interest rates on those Investments will also rise. MIF's principal source of income is interest on its loans (see "Loans Made by MIF" at page 16). While MIF reviews and may adjust its loan interest rates for new loans at its discretion, the contractual

rates on existing loans remain in effect for the original term of the loan which may range from one to ten years. Therefore MIF's overall interest income on loans cannot be immediately adjusted if there are changes in rates of United States Treasury securities. Thus, if interest rates on Treasury securities rise faster than MIF's overall interest rates on loans, MIF's financial condition could be adversely affected.

16. Tax status of Investments. The purchase of an Investment will not entitle the purchaser to a charitable deduction for federal income tax purposes. Interest on Investments will be taxable to the purchaser in the year paid or reinvested.

USE OF PROCEEDS

Proceeds received from the sale of Investments will be used by MIF primarily to (i) provide financing or refinancing to ELCA congregations for the purchase, construction, renovation or expansion of church facilities, (ii) purchase buildings and property sites for eventual sale to newly organized congregations and (iii) provide such financing or refinancing to congregations, organizations, and institutions that are related to the ELCA.

Pending those uses, the proceeds will be invested in short-term and intermediate-term fixed-income, as well as equity securities which MIF believes will provide a financial return consistent with the goal of preserving the assets of MIF for eventual use in providing financing for borrowers. (See "Investment Policy and Activities" at page 19.) Part of the \$500 million offering is expected to be issued to replace maturing investment obligations, and part may be used to increase cash and investments.

At the date of this Offering Circular, MIF has not committed any of the proceeds to be derived from this offering for any specific projects or to any specific borrowers. The following shows the capitalization of MIF, at December 31, 2020, assuming the sale of the entire offering of \$500 million of Investments, and the use of the proceeds for MIF's congregational and other ELCA-related ministries' development programs.

For pro forma purposes, these adjustments assume the sale of MIF's entire \$500 million offering, and the use of the entire proceeds for loans under MIF's Loan Programs. See "Use of Proceeds," above. MIF expects that as a result of this offering, its investment obligations will increase by not more than \$50 million. MIF's legal, accounting and other expenses for this offering are listed at page 31, are paid from the operations of MIF and are not deducted from the proceeds of this offering.

RELATED PARTY TRANSACTIONS

General Operating Expenses

Pursuant to a shared services agreement, MIF contracts with the ELCA for all operations personnel and related benefits and services for an annual fee. This fee is intended to be all-inclusive and to cover compensation of all personnel and other expenses of the ELCA related to its providing of services to MIF, including, but not limited to, rent, telephone expenses, utilities, information technology services, miscellaneous administrative expenses, and other expenses related to MIF. Total annual payment to the ELCA for the foregoing was approximately \$10,256,000, \$9,994,000, and \$8,364,000 for 2020, 2019, and 2018, respectively.

Grants to the ELCA

See “Ministry support” at page 18 and “Grants for Ministry Development” at page 18, regarding grants by MIF to the ELCA for those programs.

OUTSTANDING INVESTMENT OBLIGATIONS

Outstanding investment obligations are unsecured debt obligations of MIF. They include demand obligations at December 31, 2020, of \$261,533,023. They also include the following term investments with scheduled maturities: (a) adjustable rate investments with terms ranging from 6 months to 7 years and interest rates at December 31, 2020, ranging from 0.160% to 0.638%; (b) fixed rate investments with terms ranging from 6 months to 6 years and interest rates at December 31, 2020, ranging from 0.549% to 2.280%; and (c) MIF4KIDZ adjustable rate investments available for custodians for minors, which mature on the majority of the minor, and, at December 31, 2020, bear interest at 0.549%.

The following gives information as to the scheduled maturities of term and MIF4KIDZ investments outstanding at December 31, 2020:

<u>Year ending December 31</u>	<u>Amount Maturing</u> <u>(In Thousands)</u>
2021	\$76,572
2022	83,707
2023	52,975
2024	31,182
2025	18,146
2026 and thereafter	<u>18,997</u>

Because of renewals and early redemptions, the actual cash redemption date of an investment obligation having a fixed term often has not coincided with the stated maturity date. The redemption and sales experience for all investment obligations for the years 2016 through 2020 is as follows:

CREDIT AGREEMENTS

At December 31, 2020, MIF had a \$20 million unsecured committed line of credit with UMB Bank, N.A., at a variable interest rate of the UMB Bank, N.A. prime rate less 1%. That credit line has a maturity date of December 31, 2021 and is expected to be renewed. There were no outstanding credit line borrowings at December 31, 2020, or at the date of this Offering Circular.

MANAGEMENT DISCUSSION OF FINANCIAL RESULTS

In 2020, MIF had net income of \$6.3 million, or net income of \$0.3 million before \$6.0 million in investment gains. In 2019, MIF had net income of \$11.1 million, or net income of \$1.2 million before \$9.9 million in investment gains. In 2018, MIF had a net loss of \$3.1 million, or net income of \$2.8 million before \$5.9 million in investment losses.

Total net assets at December 31, 2020, were \$218.2 million, resulting in an equity ratio of 28.2%.

Loans outstanding increased by \$21.2 million, or 3.7%, to \$596.4 million in 2020. Interest income from loans increased \$1.8 million, primarily from higher outstanding balances during the year. New loans of \$100.8 million were funded in 2020, compared to \$98.6 million in 2019.

Investment obligations increased in 2020 by \$49.8 million to \$543.1 million. Interest expense increased \$0.4 million, primarily as a result of the deposit growth during the year.

Net interest income was \$18.7 million in 2020, higher by \$0.5 million over 2019 as interest income on loans increased more than interest expense on investment obligations.

General operating expenses were \$12.8 million in 2020 and \$14.8 million in 2019. Expenses were lower during the year reflecting reduced spending due to conditions associated with the coronavirus pandemic. The provision for loan losses in 2020 was \$0.9 million and \$0.8 million in 2019. The provision for real estate losses decreased by \$0.4 million. Grants to the ELCA and related ministries were \$5.4 million for 2020 and \$3.1 million for 2019.

Throughout the coronavirus pandemic in 2020, MIF offered interest-only payment options, deferred payment options and unsecured low-interest emergency loans to customers. In 2020, 171 customers with loan balances totaling \$90.5 million were provided with interest-only payments, 26 customers with loan balances totaling \$13.7 million were provided with deferred payments and one customer

with a loan balance totaling \$20,000 was provided with an unsecured low-interest emergency loan. The total of these loans represented 17% of the loan portfolio and did not result in a material change in loan quality or an increase in loan delinquencies.

The allowance for loan losses was increased to \$10.8 million in 2020 from \$10.1 million in 2019 to recognize probable losses in specific situations. The allowance for real estate losses decreased by \$0.5 million in 2020 to \$1.5 million to recognize probable losses in specific situations compared to \$2.1 million in 2019. Overall delinquency experience for loans past due 90 days and over decreased to 2.15% in 2020 from 2.48% in 2019.

PROGRAMS AND POLICIES

General

MIF's mission is to assist congregations, organizations, and institutions that are related to the ELCA in the purchase, construction, renovation or expansion of church facilities by providing loans at favorable interest rates. In some cases, these congregations and institutions would not be able to borrow from commercial lenders, because of the absence of an established record of financial capacity or sufficient assets which could be pledged as security for the credit exposure. In addition, MIF may purchase sites for future sale to newly organized congregations. These properties are held by MIF, preferably for a maximum of three years, to allow for the organization of the new congregation. The property is then sold to the congregation at cost with MIF typically providing financing for the transaction.

MIF's assets at December 31, 2020, included \$596,365,487 in principal amount of loans to congregations and other organizations and institutions that are related to the ELCA. The following table shows the principal amount of those loans for the years ended 2016 through 2019:

<u>December 31 Balance</u>

Loans

MIF makes loans to congregations and organizations or institutions that are related to the ELCA. In pursuing these activities, MIF often works closely with the ELCA churchwide unit that is charged with the principal responsibility for developing and supporting congregations and other ELCA domestic ministries and related institutions.

Generally, all borrowers are required to purchase an Investment from MIF. MIF requires that new construction loan proceeds be funded through the borrower's appropriate Demand Investment account. The borrower then redeems funds from that Investment account to pay for incurred construction costs and services.

Loans made by MIF. Loans for site purchase and construction of first unit church buildings for new congregations, at December 31, 2020, approximated \$8,283,000. These loans (all of which are secured by first mortgages, cash, or other approved collateral) are for terms up to ten years with payment based on a fifteen-year amortization schedule with a balloon payment (which may be extended at maturity). Interest rates are 2.50 percentage points less than MIF's standard 5-year ARM rates for established congregations, but not less than 3.00%, which resulted in a rate of 3.125% being offered at December 31, 2020. These loans are made to new congregations purchasing their first congregational sites or buildings, or constructing their first building, and the low interest rates help these congregations pay down principal faster, thereby significantly assisting the developing congregations from a financial perspective.

MIF also makes loans to established congregations for property purchases, new construction, renovation and repair of existing facilities, and refinancing of debt for such purposes. At December 31, 2020, these loans totaled approximately \$396,005,000 (approximately \$395,125,000 of which are secured by first mortgages, cash, or other approved collateral). These loans are amortized over 1 to 25 year terms (which may be extended), with interest rates adjustable every one, three, five, seven or ten years and ranging as follows:

<u>At December 31, 2020</u>			
Rates adjustable in			
<u>Years</u>	<u>Rate range</u>	<u>Approximate principal outstanding</u>	<u>Rate in effect</u>
1	4.250% to 4.500%	\$1,426,000	4.250%
3	3.750% to 4.875%	14,376,000	4.250%
5	3.000% to 6.000%	277,060,000	4.375%
7	3.875% to 5.250%	57,363,000	4.750%
10	3.500% to 5.625%	45,780,000	5.125%

MIF may offer these loans with interest rates that may be adjusted at intervals of one to ten years.

MIF also makes loans to established congregations which are amortized over terms up to ten years at interest rates that may be fixed for up to ten years. At December 31, 2020 those rates ranged from 3.750% to 6.625%. At December 31, 2020, approximately \$6,781,000 of those loans were outstanding (approximately \$4,610,000 of which are secured by first mortgages, cash, or other approved collateral). At December 31, 2020, new loans were being offered at rates ranging from 4.625% to 5.125%.

The remaining loans made by MIF are to organizations or institutions that are related to the ELCA, including seminaries, synods, social ministries, outdoor ministries, and schools. At December 31, 2020, these loans totaled approximately \$103,888,000 (approximately \$103,269,000 of which are secured by first mortgages, cash, or other approved collateral), with interest rates adjustable every three, five, seven, or ten years and ranging from 3.000% to 6.125%. Interest rates for these loans are based on general market conditions as well as circumstances specific to each loan. At December 31, 2020, new loans were being offered at rates ranging from 3.625% to 5.875%. Depending on loan demand and availability of funds, MIF expects to increase the amount of loans to such organizations and institutions. MIF may also offer these loans with interest rates that may be adjusted at intervals of one to ten years. MIF also participates in loans with ecumenical partners related to the ELCA. At December 31, 2020, approximately \$80,356,000 of those loans were outstanding, all of which were secured by first mortgages, cash, or other approved collateral with fixed interest rates ranging from 3.240% to 5.400%.

Lending policies and procedures. In evaluating loan requests, the primary emphasis is placed on the analysis of the cash flow capacity of the borrower and its relation to required loan payments. MIF also considers: the prospective borrower's growth prospects and purpose of the loan; the extent and source of past, present and future revenues of the prospective borrower; the availability and extent of assets which could be pledged as security; and any other factors affecting the prospective borrower's ability to make payments on

the loan. Specific consideration for loan approval may include, but are not limited to: annual financial reports; current financial reports; strategic ministry plans; budgets and forecasts; loan application data (which includes results of any capital campaign, purpose of the loan, and a loan repayment plan); congregational trend report (which shows trends in membership, worship attendance, and giving patterns); renderings of the building project; and collateral value (loan to value ratio). Because of the nature of the property involved, appraisals are generally beneficial only in certain circumstances, are used when appropriate, and are required only for loans exceeding \$2.5 million. Loans to any single borrower cannot exceed 15% of MIF's net assets.

It is MIF's policy and practice that at least 90% of its loans will be secured by first mortgages, cash, or other approved collateral. At December 31, 2020, approximately 99% of the total principal balance of MIF's loans was secured by first mortgages, cash or other approved collateral.

MIF's interest rates for new loans are reviewed continually and may be adjusted at the discretion of MIF management at any time.

MIF uses various factors for determining whether any of its loans should be considered "material loans." If any loans in excess of 15% of MIF's total net assets are approved by MIF's Board of Trustees, MIF would consider such loans to be material. As of December 31, 2020, this measure indicates that any loan in excess of \$32.7 million would be considered material. As indicated below, MIF has no such loans which approach that amount. As another factor, MIF considers the size of any loan in relationship to the size of the total outstanding loan portfolio, with a loan in excess of 5% of total loans being considered material. As of December 31, 2020, this measure would indicate that loans in excess of \$29.8 million would be considered material. As indicated below, MIF has no such loans which approach that amount. MIF recognizes that the foregoing measures are simply two factors in determining materiality of loans and does not treat them as the sole determining factors.

MIF regularly reviews its loan portfolio regarding the size of loans, the balances outstanding, and any issues concerning timely repayment. Based on the above factors and a continuing review of its loans, MIF does not have any individual loans which it considers "material." The largest loan at December 31, 2020, was a loan of approximately \$19.0 million, which is approximately 3.2% of MIF's total loan portfolio. All other loans are significantly lower, with the next largest loan currently having a principal balance of approximately \$15.8 million.

Loan delinquencies and modifications. MIF follows a carefully prescribed process for monitoring and collecting past due loan payments from borrowers. Because the purpose of MIF's congregational loan program is to aid congregational development, flexibility and accommodation are stressed in dealing with late or partial payments of interest and principal. This policy of flexibility and accommodation may be implemented in a number of ways, such as extending due dates and rescheduling principal payments. In 2020, 45 loans were modified as compared to 51 in 2019. These modifications did not meet the definition of troubled debt restructurings. See Note 3 to the accompanying Financial Statements.

In addition, throughout the coronavirus pandemic in 2020, MIF offered interest-only payment options, deferred payment options and unsecured low-interest emergency loans to customers. As a result, in 2020, 171 customers were provided with interest-only payments, 26 customers were provided with deferred payments and 1 customer received an unsecured low-interest rate emergency loan. These loans did not result in a material increase in delinquencies or troubled debt restructurings.

If a borrowing congregation disbands, as provided by the governing document of the ELCA, title to the congregation's property reverts to its Synod, subject to MIF's mortgage. Generally, such property is sold, and the proceeds of the sale are applied against MIF's loan.

The following table provides information concerning congregational and institutional loan delinquencies:

Allowance for loan losses. The allowance for loan losses at December 31, 2020, was \$10.82 million.

Real Estate

MIF may purchase properties for use by new and developing congregations. Properties with existing buildings may be leased by the congregation from MIF until they are able to purchase the property. It is MIF's policy that real property purchased is expected to be purchased by the congregation within three years. At December 31, 2020, the total amount of real estate held for these purposes was \$1,410,752. Beginning in 2010, for new properties purchased, payments by the developing congregations of 3.0% per year of the purchase price, including acquisition costs, of the property, made on a monthly basis, are held in escrow to reduce the potential loan necessary for the congregation to purchase the land and construct a new church building.

The site is generally sold to the congregation at a sale price equal to MIF's cost of purchasing the site plus the expenses incurred related to the property. The sale usually is financed by MIF with a promissory note secured by a mortgage on the property.

MIF actively reviews its property holdings to identify properties no longer required for congregational development. These properties, identified as "Held for sale", may be offered in the general real estate market for sale at prevailing prices and terms. At December 31, 2020, the carrying value of these properties totaled \$3,160,245 net of allowances for potential losses of \$1,530,000. MIF believes that adequate allowances for potential losses have been made in the carrying value for such real estate identified as held for sale.

Grants for Ministry Development

Ministry support. MIF makes an annual grant to the ELCA to support new and developing congregations. This grant totaled \$1,500,000 in 2019, \$1,500,000 in 2020, and is expected to be \$1,500,000 in 2021. Grants for support to other ministries of the ELCA were \$3,893,221 in 2020.

INVESTING ACTIVITIES

Liquidity Policy

The proceeds of this offering are intended ultimately to be used for loans to congregations, organizations, and institutions that are related to the ELCA, subject to maintenance of reasonable levels of liquidity by MIF. MIF intends to maintain sufficient liquidity by holding cash, cash equivalents, and readily marketable securities, and maintaining available lines of credit, equal to at least 8% of the total principal balance of its outstanding investment obligations, which could be used to satisfy interest and principal payments on those obligations.

Liquidity Status

As shown below, at December 31, 2020, the cash, cash equivalents, readily marketable securities and qualified available lines of credit were 33% of total outstanding investment obligations.

Cash	\$ 17,987,372

Investment Policy and Activities

Currently, MIF's investments consist of short and intermediate term, fixed-income, and equity securities.

MIF uses the Merrill Lynch 1-5 year U.S. Corporate and Government (BBB and above rated) Index and the Merrill Lynch 1-3 year U.S. Corporate and Government (BBB and above rate) Index, weighted 50%/50%, as its benchmark for the fixed-income portion of the portfolio and the Standard & Poor's 500 Index for the equity portion of the portfolio.

The investment policy criteria include: (a) duration between 75% and 120% of the Index; (b) credit quality ratings of at least A2/P2 for commercial paper and at least Baa3/BBB rating category, which average at least AA overall, for bonds; (c) U.S. government and related securities may be purchased without limits; (d) target allocations of the equity portion of the portfolio are U.S. Large cap – 45%, U.S. Mid-cap – 20%, U.S. Small-cap – 10%, and Non-U.S. – 25%, and up to 10% each in cash and High-Yield bonds; (e) other individual eligible securities may not exceed 5%, and the aggregate of such other eligible securities may not exceed 60%, of the portfolio value; and (f) other eligible securities include: (i) any component of the Index; (ii) domestic corporate obligations; (iii) mortgage and asset backed securities; (iv) short-term instruments such as commercial paper, money market accounts, and certificates of deposit; (v) U.S. dollar-based foreign bonds; (vi) taxable municipal bonds; (vii) any equity security listed on a United States national securities exchange; (viii) the Endowment Fund Pooled Trust of the ELCA; and (ix) securities of other Church Extension Funds (the total of which may not exceed 5% of total assets).

MIF may invest in equity securities in amounts up to 30% of the value of the total investment portfolio (at the time of purchase). At December 31, 2020, equity investments were approximately \$37,470,000 or 26% of the total portfolio.

MIF is required by its Investment Policy to pursue its investment objectives subject to criteria of social responsibility that are consistent with the policy of the ELCA.

The MIF Board of Trustees is responsible for approval and oversight of MIF's Investment Policy. BMO Asset Management Corp. (IARD/CRD no. 106466), a subsidiary of BMO Harris Bank N.A., and UMB Bank, n.a. (IARD/CRD no. 17073), act as investment advisors for MIF. BMO Harris Bank N.A. and UMB Bank, n.a., act as custodians for MIF's investment portfolio.

Gifts and bequests received by MIF are currently invested in the Endowment Fund Pooled Trust administered by the ELCA.

MIF's investments are carried at fair value and at December 31, 2020, were as follows (in thousands):

Principal Officers

The principal officers of MIF are responsible for implementation of MIF policies and day-to-day operations and management of MIF. Principal officers are a President and CEO, an Executive Vice President and Chief Operations Officer, Vice Presidents, a Vice President and Chief Financial Officer, and a Secretary. The President of MIF is elected by the MIF Board of Trustees, with the concurrence of the Presiding Bishop of the ELCA for a four-year term. The other officers of MIF are elected by the MIF Board of Trustees to serve for terms of one year.

The current principal officers of MIF are as follows:

President and CEO	Eva M. Roby has served as President and CEO of MIF since September 2011. She was Executive Vice President of MIF from May 2002 through August 2011. Prior to joining MIF, she had been President and CEO of First Financial Credit Union in Skokie, Illinois, from 1983 to May 2002 and President and CEO of Combined Insurance Credit Union in Chicago, Illinois, from 1981 to 1983.
Executive Vice President and Chief Operations Officer	Carmen M. Cobo has served as the Executive Vice President and Chief Operations Officer of MIF since September 2015. She was Director for Customer Service from 2005 to August 2015. She joined MIF in 2003 as an executive for Customer Service and was responsible for overseeing the deposit side of MIF operations. Prior to joining MIF, she served as Vice President of Member Services, for First Financial Credit Union, in Skokie, Illinois, from 1992 to 2003 and Member Service Manager from 1987-1992.
Chief Financial Officer and Vice President of Administration	The Rev. Linda O. Norman has served as Vice President of Administration since March 2018, and as Chief Financial Officer since March 2020. She previously served as Secretary for MIF. Prior to joining MIF, she had been Treasurer of the Evangelical Lutheran Church in America from September 2011 through December 2017. From 2006 until 2011, she served in other accounting roles with the ELCA Foundation and the ELCA Churchwide Organization in Chicago, Illinois. Before 2006, she worked in various full-time public accounting and ministry capacities.
Vice President of Lending	Amelia Dawkins has served as Vice President of Lending for MIF since September 2015. She was Director of Loans from 2004 to August 2015. She joined MIF in 1995 as a loan officer after serving as a senior accountant for the ELCA Churchwide Organization from 1989 to 1995. From 1986 to 1989 she was Manager of Accounts Payable at Soft Sheen Products in Chicago, Illinois. From 1980 to 1986 she held various financial management positions at NICOR in Naperville, Illinois.
Corporate and Compliance Counsel, Secretary	Tiffany Smith has served as Corporate and Compliance Counsel and Secretary for MIF since March 2020, and served as MIF's Director of Regulatory Compliance, Staff Counsel from September 2018 to February 2020. Prior to joining MIF, she practiced law for eleven years with the firms of Burke, Warren, MacKay & Serritella, P.C. and Kirkland & Ellis LLP in Chicago, Illinois.

There are no material conflicts of interest on the part of MIF's officers or trustees as of the date of this Offering Circular.

Remuneration

Members of the Board of Trustees receive no remuneration for their service on the Board of Trustees, but are reimbursed for their expenses for attending meetings.

Pursuant to a shared services agreement, MIF contracts with the ELCA for all operations personnel and related benefits and services for an annual fee. This fee is intended to be all-inclusive and to cover compensation of all personnel and other expenses of the ELCA related to its providing of services to MIF, including, but not limited to, rent, telephone expenses, utilities, information technology services, miscellaneous administrative expenses, and other expenses related to MIF. During its year ended December 31, 2020, MIF paid total service fees to the ELCA of approximately \$10,256,000. This compares to service fees of \$9,994,000 and \$8,364,000 in 2019 and 2018, respectively.

DESCRIPTION OF THE INVESTMENTS

The following is a summary of the terms of the Investments offered by MIF - *For the complete terms, see pages 23 to 30.*

Demand Investments

No stated maturity - redeemable on demand at any time. Minimum required initial investment is \$100. Additions to Investments may be made in any amount at any time. Interest rates are adjustable monthly at the discretion of MIF based on minimum balances as may be found on the rate sheets on the MIF website at www.mif.elca.org, with the applicable rate depending on the investor's Demand Investment account balance. MIF may also offer Demand Investments with interest rates based on other criteria, such as number of transactions in specified periods, or other characteristics of the Investment account. When setting interest rates, MIF will consider interest rates paid by other comparable instruments, market conditions and any other relevant factors. Interest is reinvested monthly. Depending on elections made by purchaser on the Purchase Application, Demand Investments may permit partial redemption by check written by purchaser, by online bill paying, and by debit card use. Checks are available for purchase. *See complete terms, page 24.*

Term Investments

Investments may be offered with terms of 6 months to 10 years. Minimum investment and balance may vary, but is not less than \$1,000. Interest rates are fixed or adjustable and interest is paid or reinvested every three months. *For fixed rate Investments*, when setting interest rates, MIF will consider interest rates paid by other comparable instruments, market conditions and any other relevant factors. *For adjustable rate Investments*, interest rates are adjustable monthly, but not lower than the rate which equals the yield to maturity on U.S. Treasury securities having a remaining term to maturity which corresponds to the term of the Investment. *For fixed rate Investments*, no additions to principal may be made. *For adjustable rate Investments*: for terms of 3 years or less, no additions to principal may be made after initial purchase; for terms longer than 3 years, additions to principal may be made at any time prior to 2 years before maturity; minimum additions to principal may vary but will not be less than \$100. *See complete terms, page 26.*

MIF4KIDZ Investments (custodian for minor only)

Matures at the age of majority of the minor as defined by the Uniform Transfer to Minors Act in the state designated as the address of the minor on the application form. Minimum initial investment is \$50 and minimum additions to principal are \$25. Interest is adjustable monthly, but not below the lowest tier of the Demand Investment rates. Interest is reinvested every three months. *See complete terms, page 28.*

Investments available for IRA/CESA/HSA program

All Term Investments and certain Demand Investments are also available for Individual Retirement Accounts (IRA) and for Coverdell Education Savings Accounts (CESA), and certain Demand Investments may be held as investments for Health Savings Accounts (HSA), through the program described at page 29. IRA/CESA/HSA additions and withdrawals are subject to IRS regulations.

GENERAL

MIF's Investments are not secured by the pledge of any assets of MIF, and purchasers of the Investments will therefore share equally with other general creditors of MIF in any liquidation or distribution of assets in the event of any bankruptcy, reorganization or similar proceedings with respect to MIF. There is no trust indenture or sinking fund to ensure payment of the principal or interest on the Investments.

MIF from time to time may offer additional Investments or other evidences of indebtedness for sale in amounts it may choose without notifying or obtaining the consent of any of the purchasers of Investments. However, MIF will not create, incur, or voluntarily permit any material lien upon any of its assets or otherwise incur material indebtedness having a prior claim to its assets or otherwise senior to the Investments except for (i) liens or charges for current taxes, assessments or other governmental charges which are not delinquent or which remain payable without penalty or the validity of which are contested in good faith; or (ii) liens made to secure statutory obligations, surety or appeal bonds or bonds for the release of attachments or for stay of execution; or (iii) purchase money security interests for property hereafter acquired; or (iv) judgment liens. For purposes of the preceding sentence, the term "material" shall mean an amount which equals or exceeds 10% of the net assets of MIF. In any event, the amount of any senior secured indebtedness to which the Investments are or will be subordinated will not exceed 10% of the tangible assets of MIF.

MIF Investments may qualify as unclaimed property if the date from the last investor-initiated contact exceeds the applicable state-defined dormancy period. Dormancy periods generally range from three to five years. To comply with unclaimed property law, MIF is required to perform certain due diligence procedures.

As required by government regulations, MIF may require additional information to verify an Investor's identity.

MIF's Funds Availability Policy is as follows: The Mission Investment Fund will consider the day of an investor's deposit to be the business day the investor's deposit is received at our processing facility. The deposit must be received by 3:00 p.m. CST on a business day to be considered received on that day. The Mission Investment Fund will make the first \$200 of check deposits available to investors on the first business day after the day MIF receives the deposit. The remaining funds will be available on the second business day after the day MIF receives the deposit. Electronic direct deposits will be available on the day MIF receives the deposit. For determining the availability of deposits, every day is a business day, except Saturdays, Sundays, federal holidays and days MIF has provided prior notice of closure. Longer delays may apply. MIF will notify an investor if MIF delays the ability to withdraw funds for any other reasons, and MIF will tell the investor when the funds will be available. Funds deposited by check may be delayed for a longer period, generally no later than five business days after the day of deposit. Availability of funds may be delayed for these reasons:

- Investor is a new customer (first 30 days from account opening).
- Investor deposits checks totaling more than \$5,000 on any one day.
- MIF believes a check an investor deposits will not be paid.
- Investor redeposits a check that has been returned unpaid.
- Investor has overdrawn his/her/its account repeatedly in the last six months.
- There is a business interruption, such as failure of computer or communications equipment.

MIF will notify an investor if it delays the investor's ability to withdraw funds for any of these reasons, and MIF will tell the investor when his/her/its funds will be available.

The complete terms and conditions of the Investments offered by MIF are set forth below. Written confirmation of the initial purchase is provided to the investor. MIF does not issue a separate certificate representing the Investment. MIF reserves the right to change the bank through which it processes account transactions.

MIF reserves the right to change its correspondent banking relationship with advance notice to its customers.

Demand Investments

Adjustable rates

No stated maturity; redemption on request. Demand Investments do not have a stated maturity but may be redeemed at any time, in whole or in part, upon request by the purchaser, as shown under "Redemption Procedures" below.

Purchase of Investment. Minimum required initial investment amount is \$100. Date of purchase is the date MIF receives a completed Purchase Application and payment from an eligible purchaser, as that date is recorded on the books of MIF.

Available for IRA/CESA/HSA program. Certain Demand Investments, as shown on the Purchase Application, are also available for purchase for the IRA/CESA/HSA program for which UMB Bank, Kansas City, Missouri, is custodian. See "IRA/CESA/HSA Program" (page 29), "Supplemental Terms and Conditions specific to Investments held for IRA/CESA Accounts" (page 29), and "Supplemental Terms and Conditions specific to Investments held for HSA Accounts" (page 30). *Additions to and withdrawals from IRA, CESA and HSA accounts are subject to IRS regulations, and special provisions apply to Investments held for those accounts.*

Adjustable interest rates. Interest rates are adjustable monthly and the applicable rate will depend on the minimum investment balance. Purchasers may call MIF or access MIF's website at any time to be advised of the various minimum account balance requirements and interest rates then in effect. At any time in its discretion MIF may change the required minimum account balances and interest rates which apply to each minimum account balance, and may add or eliminate minimum account balance requirements. MIF may also offer Demand Investments with interest rates based on other criteria, such as number of transactions in specified periods, or other characteristics of the investment. In adjusting interest rates and revising minimum account balance requirements, MIF will consider interest rates paid by other comparable instruments, market conditions and any other relevant factors. Notice of any changes in minimum account balance requirements or other criteria will be provided to investors with the investor's next monthly statement.

Reinvestment of interest. Interest will be reinvested monthly as an addition to the principal of the Investment. Interest will not be separately paid to the purchaser.

Minimum principal balance. In its discretion, MIF may decline to permit Demand Investments to be maintained in principal amounts less the minimum elected by the purchaser on the Purchase Application. If at any time the principal balance is below that minimum the purchaser may be so notified. If the purchaser does not make, within thirty days after the giving of that notice, an addition to principal sufficient to bring the principal amount of the Investment to at least that minimum, MIF, in its discretion, may terminate the Investment, and will then forward payment to the purchaser in the amount of the entire remaining principal balance of the Investment with all interest accrued to date.

Initial investments and additions to principal. A purchaser may make additions to principal of a Demand Investment at any time in any amount. An initial investment or addition to principal may be made by check, money order, or wire transfer, or by automatic transfers from the purchaser's checking or savings account. A purchaser may also elect to have interest earned on Term Investments or previously issued Investment Obligations applied as an addition to principal of an existing Demand Investment. Checks or money orders for initial investments should be mailed to MIF, together with the Purchase Application. Checks or money orders for additions to principal should be mailed to MIF, together with a form provided by MIF or other statement identifying the purchaser's Demand Investment account number. Funds received by check or money order on a business day before 8:00 AM Central Time will be invested on that business day; funds received by check or money order after that time will be invested not later than the next business day.

A purchaser wishing to make an initial investment or addition to principal by wire transfer must contact MIF to receive wire transfer instructions. Wired funds for initial investments and additions to principal that are received on a business day by 1:00 PM Central Time will be invested on the day of receipt. Wired funds that are received after 1:00 PM Central Time will be invested not later than the next business day.

A purchaser wishing to make initial investments or additions to principal by automatic transfers from a checking or savings account must complete the required information on the Purchase Application, or otherwise in writing to MIF, which authorizes MIF to initiate transfers (at the amount elected by the purchaser on the Purchase Application) from the purchaser's checking or savings account on an automatic monthly basis. By written notice to MIF, the purchaser may cancel or change the authorization for additions to principal by automatic transfers.

Initial investments and additions to principal may also be made by following the applicable instructions on MIF's website at www.mif.elca.org.

Redemption procedures. Full or partial redemption is permitted. If any redemption request (including presentation of a check for partial redemption) would call for redemption of all or any part of an Investment which had been purchased by check or money order within five business days of MIF's receipt of the redemption request, the redemption request may be deemed received not later than the 5th business day following the purchase.

Full redemption. Request for full redemption shall be made in writing. On receipt of written request for full redemption, MIF will redeem the Investment. Redemption payment will be made by check issued payable to the purchaser and mailed to the address of the purchaser last appearing on the books of MIF, or, if requested by the purchaser, by wire transfer or ACH process. See procedures for wire transfers and ACH transactions, below.

Partial redemption. Depending on elections made by purchaser on the Purchase Application, partial redemption may be by check written by the purchaser, by online bill paying by the purchaser, by debit card use by an individual purchaser, or by request for wire transfer, check, or ACH transaction. (Partial redemption by check, by online bill payment, or by debit card is not available for Demand Investments for which check writing is not offered. Partial redemptions on such accounts without check writing are limited to one per month.) See additional partial redemption procedures below. MIF reserves the right at any time to modify its procedures for partial redemption.

Partial redemption by online bill paying - if available under the elected terms of the Investment. Individual purchasers may redeem Investments in part by arranging for payment of bills through MIF's online bill paying service. For information, access MIF's website at www.mif.elca.org.

Partial redemption by debit card - if available under the elected terms of the Investment. Individual purchasers may redeem Investments in part by using a Visa® debit card. Each individual purchaser who applies for and is approved to receive a debit card, will be provided a debit card through UMB Bank, n.a., under a UMB Bank debit card agreement included with the application to purchase Investments. When a debit card transaction is presented for payment, MIF will redeem a part of the purchaser's Investment sufficient to cover the amount of the debit. If the amount of the debit is greater than the individual purchaser's Investment, the redemption will not be honored, and the investor will be charged a service fee of \$25. The procedures for partial redemption by debit card will not create a debit card, bank account or depositor relationship between the purchaser and MIF. MIF reserves the right to change its debit card provider at any time.

Full or partial redemption by ACH transaction. A purchaser's written request for full or partial redemption may direct that payment be made by ACH transaction. There is no service fee for an ACH transaction. If the request for ACH transaction is received on a business day by 1:00 PM Central Time, MIF will initiate a redemption payment on the same business day to the purchaser's bank. If the completed request is received after 1:00 PM Central Time, the redemption payment will be initiated

not later than the following business day. ACH funds are settled through the banking system on the second day following initiation.

Full or partial redemption by wire transfer. A purchaser's written request for full or partial redemption may direct that payment be made by wire transfer. The service fee for a domestic wire transfer is \$25 and for an international wire transfer is \$50. If the completed request for wire transfer is received on a business day by 1:00 PM Central Time, MIF will wire the redemption payment on the same business day to the purchaser's bank. If the completed request is received after 1:00 PM Central Time, the redemption payment will be wired not later than the following business day.

Partial redemption by check - if available under the elected terms of the Investment. A purchaser may redeem an Investment in part by writing a check. Checks will clear through UMB Bank n.a., under a UMB Bank check writing agreement included with the application to purchase Investments. In the case of joint purchasers, only one signature will be required on the check. The amount to be redeemed by check will continue to accrue interest until the check is presented to MIF for payment. When the check is presented for payment, MIF will redeem a part of the purchaser's Investment sufficient to cover the amount of the check. If the amount of the check is greater than the purchaser's Investment, the redemption will not be honored, the check will be returned to the payee, and the investor will be charged a service fee of \$25. The service fee for stop payment requests is \$25. The procedures for partial redemption by check will not create a checking, bank account or depositor relationship between the purchaser and MIF. MIF reserves the right to change the financial institution it uses for check clearing at any time.

Authorized signatories. Signed instructions from any one of the persons designated as owner-signatories for an Investment will be honored by MIF. Signatory designations shall be made on the Purchase Application; changes in signatory designations shall be made on signature authorization forms supplied by MIF on request and shall take effect on receipt by MIF.

Call. MIF will have the right to call any or all outstanding Investments for payment at any time on 90 days' prior written notice by tendering to the purchaser of the Investment the principal amount of the Investment including interest accrued to the date of tender. No further interest will accrue following tender. Notice of call will be provided by mail.

Nontransferability; nonnegotiability. Investments are not transferable, except by operation of law, and are not negotiable.

Beneficiaries. Individual and joint purchasers may designate beneficiaries by using the beneficiary designation form accompanying the Purchase Application. Beneficiary designation is not available for custodian accounts. Beneficiary designations can be revoked or changed at any time before the death of the purchaser or purchasers, by written notice to MIF.

Confirmation of Investment and notices; address for mailing. Confirmation of the initial purchase of an Investment will be promptly provided to the purchaser, and a monthly statement of activity will be provided to the purchaser. Those notices and statements will be provided by mail unless the purchaser has elected to receive them electronically. A statement of interest earned will be mailed to the purchaser annually in accordance with current IRS regulations. All mailed notices and payments will be sent to the address of the purchaser last appearing on the books of MIF.

Term Investments

Fixed and adjustable rates

Terms. Investments may be offered with terms from 6 months to 10 years. Term Investments are available with fixed interest rates and adjustable interest rates. Investors may access MIF's website at www.mif.elca.org for available terms and applicable minimum investments and minimum additions to principal. Term will begin on the date of purchase, which is the date MIF receives a completed Purchase Application and payment from an eligible purchaser, as that date is recorded on the books of MIF.

Available for IRA/CESA program. These Investments are also available for purchase for traditional or Roth Individual Retirement Accounts (IRA) or Coverdell Education Savings Accounts (CESA) under the IRA/CESA program for which UMB Bank, Kansas City, Missouri, is custodian. See "IRA/CESA/HSA Program" and "Supplemental Terms and Conditions specific to Investments held for IRA/CESA Accounts" at page 29. *Additions to and withdrawals from IRA and CESA accounts are subject to IRS regulations, and special provisions apply to Investments held for those accounts.*

Interest rates.

For fixed rate Investments. Interest rate is fixed at the commencement of the term, and will remain at that rate for the full term. When setting the interest rate, MIF will consider interest rates paid by other comparable instruments, market conditions and any other relevant factors. Purchasers may call MIF or access MIF's website to be advised of the fixed rate in effect at the commencement of the term.

For adjustable rate Investments. Interest rates may be adjusted monthly on the first day of each month, to rates established by MIF in its discretion, taking into consideration interest rates paid by other comparable instruments, market conditions and any other relevant factors. However, MIF will not reduce interest rates below rates which equal (to the nearest one-tenth of a percentage point) the representative yields to maturity of United States Treasury securities having remaining terms to maturity corresponding as closely as possible to the terms of these Investments, e.g., Treasury securities which at the interest rate adjustment date have approximately one, three, five or seven years remaining to maturity. Those representative yields will be determined by reference to rates published in *The Wall Street Journal* (or other selected newspaper of general circulation), on or about the 15th day of the preceding month. The good faith determination by MIF management that certain published yields are representative will be binding for all purposes. Purchasers may call MIF or access MIF's website at any time to be advised of the adjustable rates in effect.

Reinvestment or payment of interest. The purchaser may elect on the Purchase Application to have interest added to the principal of this Investment or added to the principal of a Demand Investment or MIF4KIDZ account. Alternatively, interest will be paid out to the purchaser by ACH payment every three months if elected on the Purchase Application.

Initial investment. For fixed rate and adjustable rate Investments, minimum investment is \$1,000. Selected fixed interest rate Investments require a higher minimum investment as shown on the Purchase Application.

Additions to principal.

For fixed rate Investments. No additions to principal may be made following purchase of the Investment although the principal amount will increase if the purchaser elects to have interest reinvested.

For adjustable rate Investments. For terms of 3 years or less, no additions to principal may be made after initial purchase, except for interest reinvested. For terms longer than 3 years, additions to principal may be made at any time prior to 2 years before maturity; minimum additions to principal may vary but will not be less than \$100.

Making initial investments to fixed and adjustable rate investments and additions to principal of adjustable rate Investments. An initial investment or addition to principal may be made by check, money order, or wire transfer, or by automatic transfers from the purchaser's checking or savings account. Checks or money orders for initial investments should be mailed to MIF, together with the Purchase Application. Checks or money orders for additions to principal should be mailed to MIF, together with a form provided by MIF or other statement identifying the purchaser's adjustable rate Investment account number. Funds received by check or money order on a business day before 8:00 AM Central Time will be invested on that business day, funds received by check or money order after that time will be invested not later than the next business day.

A purchaser wishing to make an initial investment or addition to principal by wire transfer must contact MIF to receive wire transfer instructions. Wired funds for initial investments and additions to principal that are received on a business day by 1:00 PM Central Time will be invested on the day of receipt. Wired funds that are received after 1:00 PM Central Time will be invested not later than the next business day.

A purchaser wishing to make initial investments or additions to principal by automatic transfers from a checking or savings account must complete the required information on the Purchase Application, or otherwise in writing to MIF, which authorizes MIF to initiate transfers (\$1,000 minimum for new investments; \$100 minimum for additions to principal) from the purchaser's checking or savings account on an automatic monthly basis. By written notice to MIF, the purchaser may cancel or change the authorization for additions to principal by automatic transfers.

Initial investments and additions to principal may also be made by following the applicable instructions on MIF Online at MIF's website at www.mif.elca.org.

Payment or reinvestment at maturity. MIF will provide a written notice of maturity to the Investor not less than 30 days before the maturity date. That notice will be provided by mail unless the purchaser has elected to receive the notice electronically. If at or before maturity the purchaser makes a written request to MIF for payment, then, at maturity, MIF will promptly repay the principal and all accrued interest. If a written request is not made, then on the maturity date MIF will be entitled, at its discretion, to apply the proceeds to the purchase (in the name of the purchaser) of a like Investment having the closest available term to the term of the Investment then maturing or to pay the proceeds to the purchaser. Purchasers who reinvest for a different term and amount must submit a new Purchase Application. MIF's currently effective Offering Circular will be made available to the investor before reinvestment at maturity.

Redemption before maturity. MIF may permit or deny redemption of an Investment before maturity at the discretion of MIF. If early redemption is permitted, it may be subject to conditions which may be imposed by MIF at its discretion, including, without limitation, advance notice requirements and imposition of penalties and fees. At the date of this Offering Circular, MIF's policy is to impose an early redemption penalty of 1.5% of the principal amount (including reinvested interest) redeemed before maturity. MIF's early redemption policy may be changed from time to time without notice to or consent from any purchaser and may vary depending on the category of Investment and other relevant circumstances.

Authorized signatories. Signed instructions from any one of the persons designated as owner-signatories for an Investment will be honored by MIF. Signatory designations shall be made on the Purchase Application; changes in signatory designations shall be made on signature authorization forms supplied by MIF on request and shall take effect on receipt by MIF.

Call. MIF has the right to call any or all outstanding Investments for payment at any time on 90 days prior written notice by tendering to the purchaser of the Investment the principal amount of the Investment plus interest accrued to the date of tender. No further interest will accrue following tender. Notice of call will be provided by mail.

Nontransferability; nonnegotiability. Investments are not transferable, except by operation of law, and are not negotiable.

Beneficiaries. Individual and joint purchasers may designate beneficiaries by using the beneficiary designation form accompanying the Purchase Application. Beneficiary designation is not available for custodian accounts. Beneficiary designations can be revoked or changed at any time before the death of the purchaser or purchasers, by written notice to MIF.

Confirmation of Investment and notices; address for mailing. Confirmation of the initial purchase of an Investment will be promptly provided to the purchaser, and a quarterly statement of activity will be provided to the purchaser. Those notices and statements will be provided by mail unless the purchaser has elected to receive them electronically. A statement of interest earned will be mailed to the purchaser annually if required for tax purposes. All mailed notices and payments will be sent to the address of the purchaser last appearing on the books of MIF.

MIF4KIDZ Investments

Adjustable rate

Custodian for minor. The MIF4KIDZ Investment is a term investment with an adjustable interest rate, available only for purchase by a custodian for a minor. The Investment matures at the age of majority of the minor as defined by the Uniform Transfer to Minors Act in the state designated as the address of the minor on the application form, and must be purchased before the 16th birthday of the minor. The complete terms and conditions are as follows:

Term. Term will end when the minor for whom the custodian holds the investment reaches the age of majority as defined above or on the earlier death of the minor. The term will begin on the date of purchase, which is the date MIF receives a completed Purchase Application and payment from an eligible purchaser, as that date is recorded on the books of MIF.

Interest rate. All Investments will bear the same interest rate. The interest rate may be adjusted monthly on the first day of each month, to a rate fixed by MIF in its discretion, taking into consideration interest rates paid by other comparable instruments, market conditions and any other relevant factors, but not below the lowest tier of the Demand Investment rates. Purchasers may call MIF or access MIF's website at any time to be advised of the adjustable rate in effect.

Reinvestment of interest. Every three months, commencing with the date three months from the date of purchase, interest will be added to the principal of the Investment. Interest will not be paid out before maturity.

Initial investment; additions to principal. The minimum investment amount is \$50. Additions to principal may be made at any time. Minimum addition to principal is \$25. An addition to principal may be made by check, money order, or wire transfer, or by automatic

transfers from the custodian's checking or savings account. A custodian may also elect to have interest earned on Term Investments applied as an addition to principal of an existing MIF4KIDZ Investment. Checks or money orders for additions to principal should be mailed to MIF, together with a form provided by MIF or other statement identifying the purchaser's MIF4KIDZ Investment account number. Funds received by check or money order on a business day before 8:00 AM Central Time will be invested on that business day; funds received by check or money order after that time will be invested not later than the next business day.

Payment or reinvestment at maturity. MIF will provide a written notice of maturity not less than 30 days before the maturity date, which will be sent by mail unless MIF receives a request to send it electronically. MIF's currently effective Offering Circular will also be made available. On maturity, the Investment will be applied to the purchase of a Demand Investment without check writing or debit card privileges in the name of the minor, unless the minor, within 30 days of reaching the age of majority as defined above, requests MIF to pay the Investment to the minor or to apply the Investment to the purchase of any other available Investment of MIF. If the minor makes that request for payment at maturity, MIF will promptly repay the principal and all accrued interest, subject to applicable state laws governing transfers to minors. To reinvest in any other available Investment, a minor must submit a Purchase Application. MIF's currently effective Offering Circular will be made available to the investor before reinvestment at maturity.

Redemption before maturity. The Investment may be redeemed in whole or in part at any time before maturity, by written request signed by the custodian, subject to an early redemption penalty of 2.0% of the principal amount (including reinvested interest) redeemed before maturity.

Call. MIF has the right to call any or all outstanding Investments for payment at any time on 90 days prior written notice by tendering to the custodian of the Investment, for the benefit of the minor, the principal amount of the Investment plus interest accrued to the date of tender. No further interest will accrue following tender. Notice of call will be provided by mail.

Nontransferability; nonnegotiability. Investments are not transferable, except by operation of law, and are not negotiable.

Confirmation of Investment and notices; address for mailing. Confirmation of the initial purchase of an Investment will be promptly provided to the custodian, and quarterly statements of activity will be provided to the custodian. That confirmation and statements will be mailed unless the custodian has elected to receive them electronically. A statement of interest earned will be mailed to the minor annually for tax purposes. All mailed notices and payments will be sent to the address last appearing on the books of MIF.

Laws governing ownership by custodians for minors. The laws of each state regulate transfers to minors, under Uniform Transfers to Minors Acts and similar statutes, and the purchase and ownership of a MIF4KIDZ Investment is subject to the requirements of the applicable state laws governing transfers to minors, including the legal age for distribution of funds to the minor.

IRA/CESA/HSA PROGRAM

Under arrangements made by MIF with UMB Bank, Kansas City, Missouri, Term Investments may be held as investments for Individual Retirement Accounts (IRA) and Coverdell Education Savings Accounts (CESA), and certain Demand Investments as shown on the Purchase Application may be held as investments for Health Savings Accounts (HSA). Under these arrangements UMB Bank acts as the custodian of a self-directed IRA, CESA or HSA account, and, as directed by the investor, invests the funds in those Investments of MIF. MIF does not regard these arrangements with UMB Bank, or the separate IRA, CESA or HSA accounts for which UMB Bank acts as custodian, as securities, and no separate securities registration or filing is made with respect to them. MIF regards these arrangements as a method by which investors can provide for the investment of funds in those Investments of MIF offered by this Offering Circular. More information on these arrangements for IRA, CESA and HSA accounts is available from MIF. MIF reserves the right to designate a different bank to serve as custodian under the above arrangements.

Supplemental Terms and Conditions specific to Investments held for IRA/CESA Accounts.

Reinvestment of interest: Interest will be added to the principal of the Investment.

Redemption before maturity: Investments may be redeemed in whole or in part before maturity for the purpose of withdrawals from the IRA or CESA account. The Investment will be redeemed in full if the IRA or CESA account terminates or if the Investment is withdrawn from the IRA or CESA account. An early redemption penalty of 1.5% will apply, except to the extent such redemption is for the purpose of minimum required distributions under IRS rules.

Call. MIF has the right to call any or all outstanding Investments for payment at any time on 90 days prior written notice by tendering to the IRA or CESA custodian the principal amount of the Investment plus interest accrued to the date of tender. No further interest will accrue following tender. Notice of call will be provided by mail.

Beneficiaries. Beneficiaries may be designated on the IRA/CESA account documents separately provided. Beneficiary designations can be revoked or changed at any time before the death of the purchaser, by written notice to MIF.

Confirmation of Investment and notices; address for mailing. Confirmation of the initial purchase of an Investment will be promptly provided to the purchaser, and a statement of activity will be provided to the purchaser at least annually. Those notices and statements will be provided by mail unless the purchaser has elected to receive those notices or statements electronically. A statement of interest earned will be mailed to the purchaser annually for tax purposes. All mailed notices and payments will be sent to the address of the purchaser last appearing on the books of MIF.

Supplemental Terms and Conditions specific to Demand Investments held for HSA Accounts.

Redemption Procedures. Investments may be redeemed in whole or in part at any time for the purpose of withdrawals from the HSA account.

Call. MIF has the right to call any or all outstanding Investments for payment at any time on 90 days prior written notice by tendering to the HSA custodian the principal amount of the Investment plus interest accrued to the date of tender. No further interest will accrue following tender. Notice of call will be provided by mail.

Beneficiaries. Beneficiaries may be designated on the HSA account documents separately provided. Beneficiary designations can be revoked or changed at any time before the death of the purchaser, by written notice to MIF.

Confirmation of Investment and notices; address for mailing. Confirmation of the initial purchase of an Investment will be promptly provided to the purchaser, and a statement of activity will be provided to the purchaser at least annually. Those notices and statements will be provided by mail unless the purchaser has elected to receive them electronically. A statement of interest earned will be mailed to the purchaser annually for tax purposes. All mailed notices and payments will be sent to the address of the purchaser last appearing on the books of MIF.

INFORMATION FOR HOLDERS OF PREVIOUSLY-ISSUED INVESTMENTS

The Investments differ in their names and in some other respects from the investment obligations previously issued by MIF.

The terms and conditions of MIF's previously issued and outstanding investment obligations remain in full force and effect and are not changed in any way by the new offering of Investments unless otherwise disclosed.

THE OFFERING

Plan of Distribution

MIF intends to offer the Investments continuously for sale to eligible investors throughout the country during the period the offering remains effective under applicable state laws. The amount offered in each state will be dependent primarily on the particular state requirements governing the offer and sale of the Investments in the state and the number of ELCA members in the state.

Sales of the Investments will be made by certain employees of MIF, who will receive no commission, bonus or other special compensation for the sales, and without the use of brokers, dealers or underwriters. From time to time, purchasers of outstanding investment obligations, other members, congregations, organizations, and institutions that are related to the ELCA may be informed of the offering by mail and by advertisements appearing in ELCA-related publications, on MIF's website and in other media.

MIF's promotional materials include the URL to MIF's website which a prospective investor may use to access the Offering Circular and a toll-free telephone number which a prospective investor may call to request an Offering Circular. No purchase of an Investment will be accepted by MIF until MIF has received from the prospective investor a signed Purchase Application confirming receipt of an Offering Circular.

Total Anticipated Expenses of the Offering

During the offering MIF annually incurs expenses for legal and accounting services, including those directly related to the offering and for other costs of the offering. Sales of the Investments are made directly by MIF without the use of brokers, dealers or underwriters, and MIF will not incur any underwriting expenses, discounts or commissions. MIF estimates that its annual expenses in connection with this offering of Investments will be as follows:

Legal fees	\$135,000
Accounting fees	88,000
State registration and qualification fees	25,000
Advertising	1,650,000
Printing, mailing and other publicity	<u>15,000</u>
Total	\$1,913,000

All of these expenses will be borne by MIF. These estimated annual expenses are less than one-half of 1% of the total securities offering of \$500,000,000. These expenses are paid from the operations of MIF and are not deducted from the proceeds of this offering.

Tax Aspects

The purchase of an Investment will not entitle the purchaser to a charitable deduction for federal income tax purposes. Interest on Investments will be taxable as ordinary income to the purchaser in the year paid or reinvested.

The state tax treatment of Investments may vary from the federal income tax treatment referred to above. Therefore, an investor considering the purchase of an Investment may wish to consult an adviser familiar with the investor's state tax laws.

Before purchasing an Investment, the investor will be required to provide Social Security number(s) or taxpayer identification number(s). If the investor does not provide that information, interest income on the Investment will be subject to federal income tax backup withholding and the investor may be subject to a penalty. The investor will also be required to certify whether or not the investor is subject to federal income tax backup withholding. If the investor is subject to that withholding, a portion of interest paid or reinvested will be withheld by MIF as required by law.

MIF recommends that all investors consult with their tax advisers concerning investments, since each investor's situation may differ and federal, state and local tax laws are always subject to change.

LEGAL PROCEEDINGS

At the date of this Offering Circular, there were no suits, actions, legal proceedings, claims, or administrative or governmental actions pending, or, to the knowledge of MIF, threatened against MIF, the adverse determination of which could have a material effect on the operations or financial condition of MIF. Based on information supplied to MIF by its officers and trustees, at the date of this Offering Circular there were no suits, actions or other legal proceedings or claims pending or threatened against any of the officers or trustees of MIF, and no officer or director has been enjoined by any court from engaging in activities associated with the offer or sale of securities.

LEGAL MATTERS

The law firm of Patton, Eakins, Lipsett, Martin & Savage, 488 Madison Avenue, New York, New York 10022, has given its opinion that the Investments, when issued, will be legally issued and binding obligations of MIF in accordance with their terms.

INDEPENDENT AUDITORS

The statements of financial position as of December 31, 2020 and 2019, and the related statements of income, expenses and changes in net assets and statements of cash flows for each of the three years in the period ended December 31, 2020, included in the accompanying financial statements, have been audited by Crowe LLP as stated in their report appearing in this Circular.

REPORTS TO PURCHASERS OF INVESTMENTS

MIF will make available to each purchaser of an Investment its audited Financial Statements for its most recently completed fiscal year, within 120 days of the end of the fiscal year. MIF will also make available to each such purchaser a copy of its Offering Circular, with audited Financial Statements, by May 31 in each year. Copies of the annual audited Financial Statements will also be provided to such purchasers at any time upon request.

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Mission Investment Fund of the
Evangelical Lutheran Church in America

Report on the Financial Statements

We have audited the accompanying financial statements of Mission Investment Fund of the Evangelical Lutheran Church in America ("MIF"), which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of income, expenses and changes in net assets, and cash flows for each of the three years in the period ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to MIF's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MIF's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

MISSION INVESTMENT FUND OF THE
EVANGELICAL LUTHERAN CHURCH IN AMERICA
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 - NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization: The Mission Investment Fund of the Evangelical Lutheran Church in America (MIF) was organized in March 1987 and began operations on January 1, 1988. MIF assists congregations of the Evangelical Lutheran Church in America (ELCA) in the acquisition, construction, renovation or expansion of church facilities by providing loans at favorable interest rates. MIF may also purchase property for future sale to newly organized congregations and make loans to other ELCA-related ministries. MIF's relationship with its borrowers is unlike that of a typical commercial lender. MIF may make loans to borrowers that would be unable to secure financing from commercial sources.

Net Assets: The financial statements focus on MIF as a whole and present balances and transactions classified based upon the existence or absence of donor-imposed restrictions. Net assets, revenue, expenses, gains, and losses have been classified into two net asset classes based on these donor-imposed restrictions. A description of each net asset class follows:

Without Donor Restrictions – Net assets that are not subject to donor-imposed restrictions. Items that affect this category of net assets include interest income, interest expense, operating income, operating expenses and gifts and investment income without donor-imposed restrictions. Certain net assets, generally set aside by Board action, function as endowments and are included in net assets without donor restrictions.

With Donor Restrictions – Net assets subject to donor-imposed restrictions that will be met either by actions of MIF or the passage of time. Items in this net asset category are contributions and investment income whose use is limited to specific purposes by the donor. These amounts are reclassified when such restrictions are met or when time restrictions have expired.

Net assets that are subject to donor-imposed restrictions which require them to be maintained permanently by the MIF are also considered net assets with donor restrictions. Items in this net asset category include gifts wherein donors stipulate that the corpus be held in perpetuity and only the income be made available for purposes without donor restrictions or with donor restrictions (primarily gifts for endowments that will fund perpetual endowments).

Cash and Cash Equivalents: MIF considers all financial instruments with original maturity of 90 days or less held in banks and money market accounts to be cash equivalents except for such amounts held within the investment portfolio. Cash is maintained in bank deposit accounts which, at times, may exceed federal deposit insurance limits. MIF has not experienced any losses in such accounts and believes there is no significant credit risk on cash.

Investments Held for Operating Purposes: Investments, consisting primarily of U.S. government securities, mortgage-backed securities, and corporate securities are stated at fair value. Interest and dividends on investments are included in changes in net assets from operating activities. Realized and unrealized gains and losses are included in non-operating activities.

Investments Held in Endowment Funds: The MIF Board of Trustees directs that all gifts received by MIF that are donor-restricted be invested in the Mission Investment Fund Endowment at the ELCA and that all gifts without restrictions by the donor be designated for investment in the Mission Investment Fund Gift Fund at the ELCA. MIF is also the beneficiary of other endowment funds held by the ELCA Foundation. Investments held in endowment funds are stated at fair value. The distributed income from these endowment funds is used annually by MIF to fund grants or loans to congregations or other ministries. All such endowment funds are classified by the ELCA Foundation as "Funds Held for Others" or "Funds Held for Others in Perpetuity" and are invested in the ELCA Endowment Fund Pooled Trust ("EFPT") administered under the terms of that Trust by its Trustee.

The EFPT investment objective is to provide participants with a stable stream of distributable investment income with long-term capital appreciation, while assuming a moderate level of investment risk. The assets of the EFPT are invested in a diversified portfolio that places an emphasis on equity-based and fixed income investments selected in accordance with the criteria of social responsibility that is consistent with the values and programs of the ELCA.

The target asset allocation ranges are 22% to 32% in U.S. equity securities, 25% to 35% in Non-U.S. equity securities, 4% to 14% in investment grade fixed income securities, 0% to 10% in high yield fixed income securities, 0% to 10% in global real estate securities, 0% to 10% in U.S. inflation-indexed securities, 0% to 8% in hedge funds, 0% to 8% in absolute return, 0% to 8% in infrastructure and 0% to 20% in private markets with the balance in cash and cash equivalents.

Ownership interests in the EFPT are initially assigned through unitization of participants' investment additions. The total value of the EFPT net assets at the end of each month is used to determine the number of units allocated to participants' additions placed in the EFPT and to value withdrawals from the pool. Distributions from the pool are first made from dividend and interest income and net realized gains. If distributions exceed the actual dividends, interest, and net realized gains, the excess is distributed first from accumulated undistributed earnings and gains, then from capital.

Quarterly distributions from the EFPT are made at a rate established annually by the Trustee of the EFPT that reflects the Trustee's consideration of anticipated returns of the EFPT and anticipated changes in the purchasing power of the EFPT. The rate established for 2020, 2019 and 2018 was 4.00%. It was applied each year to the average unit value of the assets in the EFPT at December 31 of the five preceding years. The rate established for 2021 is 4.00%.

MIF has interpreted the Illinois Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, MIF classifies the endowment funds holding the contributed value of donor-restricted gifts, and related undistributed earnings and unrealized appreciation, as net assets with donor restrictions. The endowment fund holding the contributed value of MIF board-designated gifts, and related undistributed earnings and unrealized appreciation, is classified as net assets without donor restrictions.

All other net assets of MIF that do not have donor-imposed restrictions are included in net assets without donor restrictions.

NOTE 1 - NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

Loans Receivable: Loans that management has the ability and intent to hold for the foreseeable future are recorded at the principal balance outstanding, less the allowance for loan losses. Interest income is accrued on loans and credited to income on the principal amount outstanding. Accrual of interest is ceased on loans and the loans are moved to non-accrual status when payment is 90 days or more past due. MIF determines whether a loan is past due based on the contractual terms of the loan. Interest accrued, but not collected, at the date a loan is placed on non-accrual status is reversed and charged against income. Interest received on such loans is accounted for using the cost-recovery method until the loan is returned to accrual status. Loans are returned to accrual status when all the principal and interest amounts contractually due are less than 90 days past due and future payments are reasonably assured.

The loan portfolio consists of one segment – commercial real estate loans with two classes of loans – standard loans and construction loans. Construction loans are loans in the construction stage and are not completed to the point where permanent occupancy is permitted. Some risk characteristics of construction loans are different from standard loans due to uncertainty inherent in the construction phase of projects including the potential for cost overruns or other circumstances detrimental to the collectability of the loan that are not present with standard loans. When there is a construction phase, both the construction and permanent financing phases of loans are underwritten and the resultant loan documentation is prepared in a single step and therefore MIF considers the underwriting risk factors for both classes of loans to be the same.

Allowance for Loan Losses: The allowance for loan losses is a valuation allowance for probable incurred credit losses. The allowance for loan losses is increased by a provision for losses charged to expense and reduced by loans charged off, net of recoveries. The allowance, for both construction loans and standard loans, is maintained at a level considered adequate to provide for probable incurred loan losses based on management's evaluation of the anticipated impact on the loan portfolio of current economic conditions, changes in the character and size of the portfolio, past loan loss experience, probable future losses on loans to specific borrowers, the financial condition of the borrower, and other pertinent factors that management believes require current recognition in estimating probable loan losses. Loan losses are charged against the allowance when management believes the loan balance is uncollectible. Subsequent recoveries, if any, are credited to the allowance. Specific reserves are established for any impaired loan for which the recorded investment in the loan exceeds the fair value of the loan. Both construction loans and standard loans use the same risk categories for credit quality indicators.

A loan is considered impaired when it is probable that all principal and interest amounts due will not be collected in accordance with the loan's contractual terms. Loans that experience insignificant delays and temporary payment shortfalls generally are not classified as impaired. Impairment is measured on a loan-by-loan basis by the value of either the expected future cash flows or the loan's underlying collateral.

The recorded investment in impaired loans is periodically adjusted to reflect cash payments and revised estimates of future cash flows. Cash payments are reported as reductions in the recorded investment. Other cash payments representing interest income are reported as such. Increases or decreases due to changes in estimates of future payments are considered in relation to the overall adequacy of the allowance for loan losses.

NOTE 1 - NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

A troubled debt restructuring exists when MIF has granted a concession to a borrower that is in financial difficulty. Troubled debt restructurings are separately identified for impairment disclosures and are measured at the present value of estimated future cash flows using the loan's effective rate at inception. If a troubled debt restructuring is collateral dependent, the loan is reported at the fair value of collateral. For troubled debt restructurings that subsequently default, MIF determines the amount of allowance for loan losses in accordance with its accounting policy for such losses.

Real Estate: Real estate held for congregations, excluding any properties for which impairment has been recognized, is reported at cost and consists of land and buildings acquired for future sale to new congregations. MIF typically sells the property to congregations at its carrying value plus expenses incurred during ownership and usually issues a loan to finance the cost of the property and any related construction costs for a physical facility. Real estate no longer needed for future congregational use, which has been designated for sale to third parties, is reported at the lower of the carrying amount or fair value, less estimated selling costs.

Real estate properties transferred from loans are recorded at the lower of the loan balance at the time of transfer or the fair value of the properties, less estimated selling costs, establishing a new cost basis. The assets are subsequently carried at the lower of cost or fair value less estimated selling costs. Any write-down in the carrying value of a property at the time of acquisition is charged to the allowance for loan losses. Any subsequent declines in fair value, as well as losses on disposition, are reflected in the real estate valuation allowance recorded through expense. Expenses for maintaining such properties are expensed as incurred.

MIF reviews its long-lived assets for impairment when events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If such assets are considered impaired, the impairment recognized is equal to the amount by which the carrying amount of the assets exceeds the fair value of the assets, less estimated selling costs. Fair value is generally based on real estate appraisals which are updated no less frequently than triennially. Other qualified evaluations may be obtained more frequently if conditions suggest impairment may exist.

Other Assets: Included with other assets are office and computer equipment and software, at cost, of \$7,133,122 and \$6,376,539 with accumulated depreciation of \$3,689,188 and \$3,203,967 at December 31, 2020 and 2019, respectively. Depreciation is provided over the estimated useful lives of the respective assets which range from 3 to 10 years using the straight-line method. Amounts charged to general operating expenses for depreciation were \$485,221, \$205,711, and \$79,272, for the years ended December 31, 2020, 2019 and 2018, respectively.

Operations: Operating results in the statements of income, expenses, and changes in net assets reflect all transactions increasing and decreasing net assets without donor restrictions except for gains and losses on investments, as well as gifts, which have been classified as non-operating.

General Operating Expenses: Certain general operating expenses of MIF are disbursed by the ELCA Churchwide Administrative Offices ("CAO"). These payments for general operating expenses are reimbursed by MIF on a monthly basis.

NOTE 1 - NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

Income Taxes: MIF is an affiliated entity recognized by the CAO as being included under its Group Exemption Ruling which establishes that MIF is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code of 1986 and, except for taxes pertaining to unrelated business income, is exempt from Federal and state income taxes. Accordingly, no provision for income taxes has been made in the financial statements. There were no income tax related interest or penalties recognized by MIF for each of the three years in the period ended December 31, 2020. MIF recognizes interest and penalties related to unrecognized tax benefits, if incurred, in interest and income tax expense, respectively. MIF has not been examined by any tax jurisdiction.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. Estimates also affect the reported amounts of income, expenses, gains, and losses during the period. Actual results could differ from these estimates.

In March 2020, the World Health Organization declared novel coronavirus disease 2019 ("COVID-19") as a global pandemic. The COVID-19 pandemic has negatively impacted the global economy, disrupted global supply chains, created significant volatility and disruption in financial markets, and increased unemployment levels. In addition, the pandemic has resulted in temporary closures of many businesses and the institution of social distancing and sheltering in place requirements in many states and communities, including those in markets in which MIF is located or does business.

The extent to which the COVID-19 pandemic impacts MIF's business, liquidity, asset valuations, results of operations, and financial condition, as well as its regulatory capital and liquidity ratios, will depend on future developments, which are highly uncertain, including the scope and duration of the pandemic and actions taken by governmental authorities and other third parties in response to the pandemic. Moreover, the effects of the COVID-19 pandemic may have a material adverse effect on all or a combination of valuation impairments on MIF's investments and loans.

Loan Commitments and Related Financial Instruments: Financial instruments include off-balance sheet credit instruments, such as commitments to make loans. The face amount for these items represents the exposure to loss, before considering customer collateral or ability to repay. Such financial instruments are recorded when they are funded.

Reclassification: Certain reclassifications have been made to present last year's financial statements on a basis comparable to the current year's financial statements. These reclassifications had no effect on the change in net assets or total net assets.

Subsequent Events: Management has performed an analysis of the activities and transactions subsequent to December 31, 2020, and where appropriate reflected them within the audited financial statements for the year ended December 31, 2020. Management has performed their analysis through March 18, 2021, the date the financial statements were available to be issued.

NOTE 3 - LOANS RECEIVABLE

Congregational and Other Ministry Loans: These loans consist of mortgage notes, loan participations, contracts for deeds, and unsecured promissory notes totaling \$596,365,487 and \$575,122,709 at December 31, 2020 and 2019, respectively. At December 31, 2020 and 2019, approximately \$592.7 million and \$570.0 million of the loans are secured by first mortgages, \$0.3 million and \$0.3 million are secured by second mortgages, and \$3.4 million and \$4.8 million are unsecured, respectively. Interest rates for congregational and other ministry loans range from 3.000% to 6.630% with a weighted average interest rate of approximately 4.264% during 2020; 3.000% to 6.630% with a weighted average interest rate of approximately 4.181% during 2019; 3.000% to 7.130% with a weighted average interest rate of approximately 4.070% during 2018.

MIF makes loans to congregations and other ministries. Because of the financial uniqueness of this market, MIF's relationship with its borrowers is different from that of a typical commercial lender. MIF may make loans to borrowers which may not be able to secure financing from commercial sources. The ability of each borrower to pay MIF may depend on contributions received. Therefore, payments to MIF may depend on the membership levels of the borrower congregations, and on the maintenance of adequate contributions by individual members to their congregations, on prudent management by those congregations of their finances, and on general economic conditions. In the event of default, ultimate repayment of loans secured by first and second mortgages may depend on the proceeds from the sale of the underlying collateral. The underlying collateral for first and second mortgages generally consists of real estate used for congregational needs, such as church facilities. This real estate often has limited uses which could negatively impact its salability and ultimate repayment of the loans.

MIF may also permit payment accommodations more readily than commercial lenders. These loan practices may result in less money being collected on delinquent loans than a commercial lender would normally collect and may result in a higher loan delinquency rate.

Components of congregational and other ministry loans, net at December 31 are as follows:

	<u>2020</u>	<u>2019</u>	<u>2018</u>

Interest income recognized and collected while impaired (including performing troubled debt restructuring)	1,419,658	1,753,063	1,513,246

There were no impaired construction loans during the years ended December 31, 2020, 2019, or 2018.

Impaired loans had a principal balance of \$48,593,289, with a valuation allowance of \$8,595,304 at December 31, 2020, resulting in an increase in provision for loan losses of \$671,645 for the year ended December 31, 2020. Impaired loans had a principal balance of \$60,011,952, with a valuation allowance of \$7,923,659 at December 31, 2019, resulting in a reduction in provision for loan losses of (\$10,135) for the year ended December 31, 2019. Impaired loans had a principal balance of \$47,494,717, with a valuation allowance of \$7,933,765 at December 31, 2018, resulting in an additional provision for loan losses of \$438,985 for the year ended December 31, 2018. Impaired loans with specific allocations of the allowance for loan losses are based on expected future cash flows.

Troubled debt restructurings

MIF has allocated \$973,555 and \$1,143,090 of the allowance for loan losses, relating to balances of \$15,773,241 and \$25,569,814, for seven and eight customers whose loan terms have been modified in troubled debt restructurings as of December 31, 2020 and 2019, respectively. The concessions giving rise to the troubled debt restructurings totaled approximately \$3,091,000 and were in the form of matching grants to encourage timely monthly payments and temporary interest rate reductions. There were no loans modified in troubled debt restructurings during the years ended December 31, 2020 and 2019. None of the troubled debt restructurings have subsequently defaulted during the years ended December 31, 2020 or 2019. There are no troubled debt restructurings related to construction loans.

The terms of certain other loans were modified during the years ending December 31, 2020 and 2019, which did not meet the definition of a troubled debt restructuring. These loans have a total recorded investment as of December 31, 2020 and 2019, of \$5,436,245 and \$18,962,101, respectively. The modifications of these loans involved temporary delays in payments that were considered to be insignificant and did not result in concessions to the borrowers.

NOTE 3 - LOANS RECEIVABLE (Continued)

Credit quality and non-accrual loans

Each month MIF divides the loan portfolio into two credit quality categories based upon their payment records – performing loans and non-performing loans. Non-performing loans, or those that are in non-accrual status, are loans which are past due 90 days or more. At December 31, 2020 and 2019, loans in non-accrual status were \$12,845,277 and \$14,256,781, respectively, none of which were construction loans.

Concentration of Credit Risk: MIF's lending activities are primarily conducted with congregations and other ministries related to the ELCA throughout the United States. The ELCA has identified nine geographical regions, which are comprised of 65 synods and their related congregations. The following is a summary of loans by region for years ended December 31:

	<u>2020</u>	<u>2019</u>
Region 1 - Northwest area	\$ 52,524,062	\$ 52,527,852
Region 2 - Southwest area	102,686,150	84,452,394

NOTE 4 - REAL ESTATE

Real Estate Held for Congregations: Through its congregational development program, MIF may buy and manage real estate for future sale to new congregations.

MIF may acquire property and subsequently enter into lease arrangements with congregations regarding such property. The net carrying value of leased property was \$592,047 and \$2,012,430 at December 31, 2020 and 2019, respectively. Accumulated depreciation on this leased property was \$232,313 and \$334,458 at December 31, 2020 and 2019, respectively. Depreciation expense on buildings under lease is included in general operating expenses and amounted to \$20,644, \$35,803, and \$40,532, for years ended December 31, 2020, 2019 and 2018, respectively.

Real Estate Held for Sale: MIF actively reviews its property holdings to identify properties no longer required for congregational development. These properties are then considered to be excess real estate and are actively marketed for sale to third parties. The carrying value of real estate held for sale is net of allowances of approximately \$1.5 million and \$2.1 million at December 31, 2020 and 2019, respectively.

NOTE 5 - INVESTMENT OBLIGATIONS

MIF sells term and demand investment obligations ("Investments" or "Obligations") for the purpose of raising funds for its congregational and other ministry loan programs. Details relating to Obligations outstanding at December 31, 2020 and 2019, are as follows:

<u>Type of Obligation</u>	<u>Amount</u>	
	<u>2020</u>	<u>2019</u>
Demand	\$ 261,533,023	\$ 219,630,967

	<u>\$ 543,111,602</u>	<u>\$ 493,359,293</u>

MIF has the right to call all investments for prepayment prior to maturity at any time on 90 days prior written notice by tendering to the owner of the investment the principal amount of the investment plus interest accrued to the date of tender. No further interest will accrue following tender. The CAO held investments of \$4,022,344 and \$7,424,560 at December 31, 2020 and 2019, respectively. Board members and MIF personnel held investments of \$1,523,654 and \$1,256,800 at December 31, 2020 and 2019, respectively.

a. Demand Investments:

MIF offers and sells demand investments which do not have a fixed term and may be redeemed by the owner at any time in whole or in part, including by writing a check or using a debit card. Interest rates may be adjusted to reflect market conditions at any time. Interest rates based on tiered account balances ranged from 0.698% to 1.539% in 2020 and 0.700% to 1.540% in 2019. These investments totaled \$254,342,644 and \$213,301,779 at December 31, 2020 and 2019, respectively.

MIF also offers and sells demand investments which do not have a fixed term and may be redeemed by the owner at any time in whole or in part but limited to one redemption per month by request to MIF. Interest rates may be adjusted to reflect market conditions on the first day of each month. In 2020, the rate was 1.094% from January 1 to March 31 and 0.797% from April 1 to October 31 and 0.698% from November 1 to December 31. In 2019, the rate was 0.700% from January 1 to February 28, 0.900% from March 1 to August 31 and 1.094% from September 1 to December 31. These investments totaled \$7,190,379 and \$6,329,188 at December 31, 2020 and 2019, respectively.

b. Term Investments:

MIF offers and sells adjustable and fixed rate term investments. Adjustable rate term investments were available for sale during 2020 and 2019, with 1, 3, 5, and 7 year term maturities. Interest rates may be adjusted on the first day of each month to reflect market conditions, but not lower than the representative yields to maturity on United States Government Treasury securities having approximately corresponding terms to maturity as of the interest rate adjustment date. Interest rates ranged from 0.160% to 1.808% for the year ended December 31, 2020 and 1.442% to 2.740% for the year ended December 31, 2019. The average interest rates were 0.984% and 2.091% for the years ended December 31, 2020 and 2019, respectively. These investments totaled \$29,154,403 and \$32,424,969 at December 31, 2020 and 2019, respectively.

Fixed rate term investments were available for sale during 2020 and 2019, with 1, 2, 4, and 6 year maturities. The interest rate, which is set by MIF and may be adjusted from time to time, is fixed at the beginning of the term and remains at that rate for the full term. Interest rates ranged from 0.897% to 3.309% for the year ended December 31, 2020 and 1.290% to 3.309% for the year ended December 31, 2019. The average interest rates were 2.103% and 2.299% for the years ended December 31, 2020 and 2019, respectively. These investments totaled \$232,790,576 and \$225,873,572 at December 31, 2020 and 2019, respectively.

MIF also offers and sells term investments with 1, 2, and 3 year maturities and a minimum balance of \$250,000. The interest rate, which is set by MIF and may be adjusted from time to time, is fixed at the beginning of the term and remains at that rate for the full term. Interest rates ranged from 1.046% to 2.722% for the year ended December 31, 2020 and 1.290% to 3.065% for the year ended December 31, 2019. The average interest rate was 1.884% and 2.177% for the years ended December 31, 2020 and 2019. These investments totaled \$13,130,005 and \$9,083,678 at December 31, 2020 and 2019, respectively.

Redemption of term investments prior to maturity may be permitted or denied at the discretion of MIF and currently requires an early redemption penalty of 1.500% of the principal amount redeemed prior to maturity.

Aggregate maturities of term investments outstanding at December 31, 2020, are shown below. Amounts indicated as maturing in the various years will not necessarily correspond to cash redemptions because of renewals.

c. Term Investments - MIF4KIDZ:

MIF offers and sells MIF4KIDZ investments only to custodians for minors who are less than 16 years of age. The investment matures at the age of majority of the minor as defined by the Uniform Transfer to Minors Act in the state designated as the address of the minor on the application form. Interest rates may be adjusted to reflect market conditions on the first day of each month, but not lower than the representative yields to maturity on United States Government Treasury securities which at the interest rate adjustment date have approximately five years remaining to maturity. Beginning in 2021, the interest rate will be adjustable monthly, but not below the lowest tier of the Demand Investment rates. Interest rates range from 0.290% to 1.729% for the year ended December 31, 2020 and 1.442% to 2.680% for the year ended December 31, 2019. The average interest rates were 1.010% and 2.061% for years ended December 31, 2020 and 2019, respectively. These investments totaled \$6,503,595 and \$6,346,107 at December 31, 2020 and 2019, respectively.

Redemption of MIF4KIDZ investments prior to maturity is permitted and currently requires an early redemption penalty of 2.000% of the principal amount redeemed prior to maturity.

Aggregate maturities of MIF4KIDZ investments outstanding at December 31, 2020, are shown below:

<u>Year ending December 31</u>	<u>MIF4KIDZ</u>

NOTE 8 - FINANCIAL COMMITMENTS AND AGREEMENTS WITH OFF-BALANCE-SHEET RISK

MIF is a party to financial commitments and agreements with off-balance-sheet risk in the normal course of its business. These commitments and agreements include credit and interest rate risk in excess of the amount recognized in the statements of financial position.

The following table summarizes the contractual amounts of off-balance-sheet financial commitments outstanding at December 31, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Commitments to originate and disburse loans	\$ 75,468,766	\$101,014,836

NOTE 9 - DISCLOSURES ABOUT FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value estimates are made at a specific point in time, based on relevant market information and information about the financial instrument. These estimates do not reflect any premium or discount that could result from offering for sale at one time MIF's entire holdings of a particular financial instrument. Because no market exists for a significant portion of MIF's financial instruments, fair value estimates are based on judgments regarding future expected loss experience, current economic conditions, risk characteristics of various financial instruments, and other factors. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

U.S. GAAP establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The principal describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practical to estimate that value:

Cash and Cash Equivalents: The fair values of cash and cash equivalents are estimated to approximate deposit account balances, payable on demand, as no discounts for credit quality or liquidity were determined to be applicable (Level 1 and Level 2 inputs).

NOTE 9 - DISCLOSURES ABOUT FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Investments: The fair values of debt and equity investments, that are readily marketable are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs) or by quoted market prices of similar securities with similar due dates (U.S. treasuries) (Level 2 inputs). The fair values of other debt instruments (U.S. sponsored agencies, government mortgage backed securities, corporate bonds, municipal bonds and other bonds) are determined by obtaining valuations from third parties based on matrix pricing, which is a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities (Level 2 inputs).

The ELCA Endowment Fund Pooled Trust has observable inputs and market activity that allow for pricing based on the underlying market prices of the securities in the Trust. MIF has the ability to redeem their investment with the ELCA Endowment Fund Pooled Trust at any time at the monthly per unit net asset value (NAV).

The fair value of the Beneficial Interest in ELCA Endowments, which is invested in the Endowment Fund Pooled Trust, was determined based upon the fair value of the underlying assets at December 31, 2020. This valuation method has been estimated to represent the present value of future distributed income (Level 3 inputs). This value is determined by a third party without adjustments from MIF.

Assets measured at fair value on a recurring basis are summarized below:

MISSION INVESTMENT FUND OF THE
EVANGELICAL LUTHERAN CHURCH IN AMERICA
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 10 - RELATED-PARTY TRANSACTIONS

MIF provided support to the ELCA Churchwide Administrative Office for new start congregations in the amount of \$1,500,000 in 2020, 2019 and 2018, respectively. Other grants to the ELCA-related ministries totaled approximately \$3,893,000, \$1,578,000, and \$1,272,000, for the years ended December 31, 2020, 2019 and 2018, respectively.

Pursuant to a shared services agreement, MIF contracts with the ELCA for all operations personnel and related benefits and services for an annual fee. This fee is intended to be all-inclusive and to cover compensation of all personnel and other expenses of the ELCA related to its providing of services to MIF, including, but not limited to, rent, telephone expenses, utilities, office furniture, information technology services, miscellaneous administrative expenses, and other expenses related to MIF. During its year ended December 31, 2020, MIF paid total service fees to the ELCA of approximately \$10,256,000. This compares to service fees of approximately \$9,994,000 and \$8,364,000 in 2019 and 2018 respectively.

NOTE 11 - DEFINED CONTRIBUTION PENSION PLAN

Substantially all active employees of ELCA are enrolled in an ELCA defined contribution pension plan administered by Portico (previously known as the Board of Pensions of the Evangelical Lutheran Church in America). MIF's portion of the cost for the plan for the years ended December 31, 2020, 2019, and 2018, was approximately \$543,000, \$517,000, and \$450,000, respectively. All contributions to the plan are funded on a current basis.

NOTE 12 - FUNCTIONAL EXPENSES BY NATURE

The statements of income, expense and changes in net assets report operating expenses which are attributable to one or more programs or supporting functions of the organization. Program activities include issuing loans and soliciting investment obligations and providing grants to the ELCA and its affiliated ministries. Supporting activities include marketing of loans and investment obligations; management and general activities that are indispensable to the operation of the organization but are not identifiable with a specific program; and other supporting activities which include accounting and compliance functions.

MISSION INVESTMENT FUND OF THE
EVANGELICAL LUTHERAN CHURCH IN AMERICA
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 13 - LIQUIDITY AND AVAILABILITY

MIF's financial assets available within one year of the statement of financial position date for general expenditure are as follows:

	<u>2020</u>	<u>2019</u>
Cash and cash equivalents	\$ 17,987,372	\$ 16,003,119
Commercial paper and money market accounts	15,388,220	12,542,241
Investment maturities and principal paydowns	21,648,692	16,258,583
Investment interest receivable	<u>1,672,245</u>	<u>1,447,358</u>
	<u>\$ 56,696,529</u>	<u>\$ 46,251,301</u>

As part of MIF's liquidity management, MIF invests its financial assets to remain available for its program operations and its general expenditures, liabilities, and other obligations as they come due.

To maintain liquidity for program operations, MIF holds a portion of its assets in cash, cash equivalents, and readily marketable securities. MIF manages its liquidity through an Asset/Liability Management Committee (ALCO) which reviews cash flow projections from scheduled loan payments and anticipated prepayments and investment obligations scheduled to mature. The ALCO committee, which meets no less frequently than monthly, also reviews and sets interest rates on loans and investment obligations based on market conditions and MIF's liquidity needs.

To further manage any unanticipated liquidity needs that may arise, MIF has a committed line of credit in the amount of \$20 million which it could draw upon. The use of this line of credit is generally restricted to the extent that MIF requires additional liquidity to fund program-related obligations.

MIF's liquidity policy requires a minimum of 8% of outstanding investment obligations to be held as a combination of liquid assets, which include cash, cash equivalents, and readily marketable securities, and a committed line of credit. As of December 31, 2020 and 2019, 8% of investment obligations was approximately \$43.4 million and \$39.5 million, respectively.

In addition to MIF's financial assets whose cash flow is available within one year, MIF holds an additional \$112,737,263 and \$78,200,625 of readily marketable stocks and bonds at December 31, 2020 and 2019 that can be sold for liquidity purposes.

NOTE 14 - SUBSEQUENT EVENT

MIF has determined there are no other subsequent events to disclose. MIF has performed their analysis through March 18, 2021, the date that the financial statements were available to be issued.

ARIZONA SUPPLEMENT

**THIS SUPPLEMENT TO THE OFFERING CIRCULAR DATED MAY 1, 2021
IS FOR DISTRIBUTION TO ARIZONA RESIDENTS ONLY.**

Investments issued by the Mission Investment Fund of the Evangelical Lutheran Church in America (“MIF”) are registered or qualified as securities in various states in which they are offered for sale. These states have a variety of laws and regulations concerning the offering and sales of securities in those states. In accordance with requirements of the State of Arizona, the following applies to offers and sales of Investments in Arizona.

Term Investments.

MIF is offering Term Investments to Arizona residents (“Arizona Term Investments”). With the exception of the reinvestment or payment at maturity features, as described below, the terms of Arizona Term Investments are the same as the terms of the corresponding Term Investments offered by MIF pursuant to the Offering Circular dated May 1, 2021 (the “Offering Circular”).

Features of Arizona Term Investments:

Reinvestment or Payment at Maturity.

MIF will mail a written notice of maturity to the owner not less than 30 days prior to the maturity date of a Term Investment and will also furnish to the owner a copy of MIF’s current Offering Circular if the owner has not previously received it. MIF will include a form giving the owner the option to receive cash proceeds at maturity, to purchase in the name of the owner a new Term Investment having the same or closest available term as the Term Investment then maturing, or to purchase any currently available Term Investments.

If a written response is not received on or before the maturity date, MIF will apply the proceeds to the purchase of a new Term Investment having the same or closest available term as the Term Investment then maturing. However, if within 120 days after maturity the Arizona investor advises MIF in writing that the investor had intended to request payment at maturity of the prior Term Investment and wishes to have the reinvested proceeds returned, MIF will honor that request by permitting immediate redemption of the new Term Investment without penalty and returning to the Arizona investor the reinvested proceeds with accrued interest to the date of redemption.

Additional terms. All other terms applicable to Term Investments offered by MIF and described in the Offering Circular under the heading “Description of the Investments” are the same for Arizona Term Investments.

**IMPORTANT NOTICE TO
INVESTORS RESIDING IN OHIO**

The Investments of the Mission Investment Fund of the Evangelical Lutheran Church in America (“MIF”) are registered or qualified as securities in various states in which they are offered for sale. These states seek to ensure, as does MIF, that each investor is given full information relevant to the proposed purchase of Investments.

The State of Ohio Department of Commerce requires that, in addition to completing and signing MIF’s standard Purchase Application (which states that you have received a current Offering Circular), you also sign and date the Addendum to Purchase Application printed below.

We cannot complete the processing of your purchase of Investments until you sign and return this Addendum with your Purchase Application.

If you have any questions about this Addendum, please call MIF at 877-886-3522.

ADDENDUM TO PURCHASE APPLICATION

1. I have received and read the issuer’s Offering Circular.
2. I understand that this investment is not directly secured by a mortgage on the property of any church receiving a loan from the issuer.
3. I further understand that the issuer’s sources of funds for payment of principal and interest on Investments include funds received by the issuer in repayment of the issuer’s loans to congregations, that such repayment by congregations is dependent in large part on the future generosity of members of the churches receiving such loans, and that this income stream cannot be predicted with any certainty.

SOUTH CAROLINA SUPPLEMENT

**THIS SUPPLEMENT TO THE OFFERING CIRCULAR DATED MAY 1, 2021
AND TO INVESTMENT PURCHASE APPLICATIONS
IS FOR DISTRIBUTION TO SOUTH CAROLINA RESIDENTS ONLY.**

Investments issued by the Mission Investment Fund of the Evangelical Lutheran Church in America are registered or qualified as securities in various states in which they are offered for sale. These states have a variety of laws and regulations concerning the offering and sales of securities in those states. In accordance with securities regulations of the State of South Carolina, the following applies to offers and sales of Investments in South Carolina.

Demand Investments are not available in South Carolina.

All Investments. For investors residing in South Carolina, the following is added to the terms and conditions of the Demand Investments, Term Investments and MIF4KIDZ Investments, issued under Offering Circular dated May 1, 2021:

It will be an event of default under this Investment if principal or interest is not paid for a period of ninety days from the date of lawful demand by the legal holder thereof, other than by clerical error or administrative oversight, unless such default is waived by the holder or lawfully contested by the issuer. Such an event of default on this Investment shall constitute a default on all Investments issued to South Carolina holders under the same Offering Circular. Upon such event of default, South Carolina holders shall have the right to obtain the names and addresses of all South Carolina holders of such securities in default and by a vote of 25% of such holders to declare all such defaulted securities due and payable in full.
